ORDER OF THE BOARD (by C.A. Manning):

On November 4, 1991, Olin Corporation ("Olin") and the United States Department of Interior, Fish and Wildlife Service ("DOI") filed a petition for hearing to review certain terms and conditions contained in modifications made by the Illinois Environmental Protection Agency ("Agency") of a RCRA Part B Permit for the storage of hazardous waste in containers in six magazines located in the southern portion of "Ordill Area 13" of the Crab Orchard National Wildlife Refuge, owned by DOI. The hazardous waste storage facility is currently operating under interim status authority pursuant to 35 Ill. Adm. Code Section 703.150 and 40 C.F.R. Section 270.5(e).

On December 29, 1993, Olin, DOI and the Agency jointly submitted a status report pursuant to Board order of September 23, 1993. On January 6, 1994, the Board accepted the status report and further requested that Olin and DOI file a statutory deadline waiver in this case, or it would be set for hearing. On January 13, 1994, the Board received a waiver until January 1, 1995. As was stated in our January 6th order, we indicated we would re-establish a status report schedule upon receipt of the waiver. Accordingly, the parties are directed to file a status report in this matter on or before April 14, 1994.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 20th day of January, 1994, by a vote of 7-0.
