ORDER OF THE BOARD (BY SAMUEL T. LAWTON, JR.):

IT IS THE ORDER of the Pollution Control Board:

1. Petitioner, R.R. Donnelley & Sons Company is granted a variance from Rule 205 of the Air Pollution Control Regulations from January 1, 1974 until May 10, 1974 for the operation of its heatset presses during the replacement and modification of afterburners associated with its operation pursuant to schedule filed herein as R.R.D. Ex. 11. This variance is in contemplation of a further petition for variance based upon said schedule indicating completion and compliance by July 30, 1974. The Company may petition for such further variance upon a showing of satisfactory progress in pursuance of said schedule.

2. Petitioner is granted variance from the project completion schedule requirements of Rule 103(b)(6)(e) of the Air Pollution Control Regulations, to allow application for installation permits from the Agency to enable the replacement and modification program set forth in Paragraph 1 above.

3. The variance granted herein is conditioned upon the submission of monthly progress reports beginning 30 days from the date hereof by Petitioner to the Agency describing the status of construction and installation of the said afterburners and upon a showing of satisfactory progress in said installation;

4. The Board retains jurisdiction of this matter for such further and other orders that may be appropriate.

Opinion to follow.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted on the 10th day of May, L973 by a vote of 4 to 0.
