Subject: [External] Public Comment: Opposition to CITGO Lemont Refinery Petition (Docket No. AS 2026-001)
Date: Wednesday, September 9, 2026 1:20:11 PM

To Whom It May Concern,

My name is Shannon McCullough, and I have lived in Romeoville for the past two years. My family and I have made our homes here, and we care deeply about the future of this community.

Because we live nearby, we want CITGO to be held accountable for maintaining a safe environment. I am writing to formally object to CITGO's request to adjust its carbon monoxide (CO) emission standards during facility startup, shutdown, and malfunction periods (Docket No. AS 2026-001).

Allowing higher emission limits during these periods poses a serious risk to our local air quality and public health. Our community deserves clean air and safety. I urge the Board to deny this petition and protect the health of Romeoville and the surrounding areas.

Thank you for your time and for considering the concerns of our community.

Sincerely,

Shannon McCullough
Romeoville, IL
