BOARD ADOPTS AMENDMENTS TO THE ILLINOIS UNDERGROUND INJECTION CONTROL PROGRAM, R90- 14

In R90-14, adopted by the Board on May 23, 1991, the Board adopted amendments to the Illinois underground injection control program that correspond to the federal Third Third land disposal restrictions. On June 1, 1990, USEPA promulgated the restrictions on land disposal of Third Third Scheduled Wastes. That rulemaking included restrictions under both the RCRA and UIC programs. On January 31, 1991, USEPA published a series of corrections to the Third Third prohibitions. The R90-14 rulemaking deals only with those portions of the federal proceedings that impact the Illinois UIC program. Docket R90-11 dealt with those portions impacting the Illinois RCRA program.

The R90-14 and corresponding federal rulemaking primarily completes the list of Third Third Wastes prohibited from underground injection (35 Ill. Adm. Code 738.116, corresponding to 40 CFR 148.16). It also adds First Third Wastes (35 Ill. Adm. Code 738.114, corresponding to 40 CFR 148.14) and Second Third Wastes (35 Ill. Adm. Code 738.115, corresponding to 40 CFR 148.15) and adds an exception from the general prohibition against underground injection for certain characteristic wastes (35 Ill. Adm. Code 738.101, corresponding to 40 CFR 148.1).

LANDFILLS**

The Board regulations for the design and operation of nonhazardous waste landfills were filed and effective on September 18, 1990. Based on the interest shown by participants at the IEPA held workshops on December 6, 1990 and December 12, 1990 and calls received to date regarding these regulations, several documents have been compiled in a set of diskettes. The compilation includes the Board's Opinions and Orders in the R88-7 and the predecessor R84-17D dockets (approximately 850 pages) and the supporting background document and detailed responses to comments of the Scientific/ Technical Section (approximately 775 pages). In addition, the compilation contains executive summaries and an overview of the Board's functions and operations. The diskettes totalling over 1600 pages have been put together using Wordperfect 5.0 word processing software. The diskettes, available in either 5.25" or 3.5" size, can be purchased from the Illinois Pollution Control Board for \$100 per set. Please use the form on the back to speed your request. Diskettes will be sent by First Class mail. If you are interested in subscribing, please complete and submit the order form on the back of this page.
