**Narrative Inspection Report**

I conducted an open dump inspection at the above referenced facility on March 29, 2014, at approximately 4:16 P.M. This inspection was conducted to determine the regulatory status and evaluate compliance with the Environmental Protection Act (Act) and Title 35 Illinois Administrative Code, Subtitle G: Land Pollution (Regulations). A one second video and no samples were taken. The weather was mostly sunny, moderate west wind, and temperatures in the 50s.

**Initial Inspection**

While driving home from work on March 18, 2014, I noted smoke coming from behind a building located on Route 10 in Bondville. I had noted the smoke several previous times, but decided to investigate to see what had been burning the previous day on March 19. I pulled in the Bright Ideas Storage driveway, and could see behind the garage of the residence located immediately east of Bright Ideas. The resident had several piles of lumber stored in the back yard, and I noted a burn pile behind the garage with a small amount of lumber stacked on it.

After photographing the neighboring property, I noted a pile of waste on the Bright Ideas property as well. The pile was located between the self-storage building and the railroad tracks south of the structure. The pile consisted of several pallets, furniture, a small amount of landscape waste, and burned mattress springs. The base of the pile showed evidence of open burning, with bits of burned wood mixed in with soil and rock.

It was unknown at the time if the owner of Bright Ideas, Robert Fraizer, or tenants dumped and burned the waste. The facility has a dumpster on-site. The owner has been cited previously in 2006 for open dumping and open burning. Frazier has had issues with BOL in the past for dumping biodiesel byproducts at his bus company (Lincolnland Express, also called LEX) located approximately a mile away from the storage facility. BOW also had issues with LEX, which was eventually shut down by the USDOT for serious safety violations.

### **March 29, 2014 Inspection**

While driving home from a basketball game on a Saturday afternoon, I observed a fire occurring behind the Bright Ideas Storage facility located between Bondville and Champaign on Illinois Route 10. Since I had just sent the owner an ACWN on March 26, 2014 instructing him not to burn the pile of waste I observed on March 19, I stopped at the facility to see what was happening.

I drove around to the back of the property and saw a fire truck leaving the scene. I attempted to take a photo of the fire with my phone, but ended up taking a short video instead. I attached a screenshot of the opening of the video to this report.

Very quickly a man in a pick-up truck that had been parked at the rear of the building blocked my view of the fire. We both rolled down our windows and recognized each other. Mr. Frazier was the driver in the other vehicle. When I asked what Frazier was doing, he said he was burning some wood. I told him that he knew he could not burn waste, as we had sent a warning letter in 2006. Frazier replied that he had not burned in years. I asked if he had received my warning notice that instructed him not to open dump or open burn the waste, he said he had not. He asked what address I had sent the letter. I replied 2200 Springfield Ave., as that was the address on file at the Assessor's Office. Frazier replied that his address for Frazier Properties was 310 Tiffany Court, Champaign.

I explained to Frazier that we had already warned him previously. When I had recently found the pile of waste, which had shown signs of past open burning, I had given him the benefit of the doubt since I did not know if he was aware of the dumping and burning, which might have been caused by a tenant. Now that I had observed him actually involved in the burning of the waste, that doubt was now gone and he could likely expect some type of enforcement action as a result of the burning.

### **Regulated Status**

The site is regulated as an open dump.

### **Apparent violations observed during this inspection:**
