## NOTICE OF PUBLIC INFORMATION ON PROPOSED AMENDMENT

NOTICE OF PUBLIC HEARING AND COMMENT PERIOD  
PURSUANT TO 415 ILCS 5/9.1(e) and 1 ILCS 100/5-70(b)Notice of Public Comment Period and Public Hearing for  
State Implementation Plan (SIP) Submittals for Ozone

The Pollution Control Board (Board) is accepting public comments and will conduct a public hearing on a prospective ozone SIP submittal to the U.S. Environmental Protection Agency (USEPA). The Board will accept written comments on the proposed rule that will form the basis for the SIP proposal until 45 days after the proposed amendment appears in the *Illinois Register*, presently anticipated in a November 2016 issue, and a public hearing will occur by teleconference between Chicago and Springfield on December 7, 2016. The Board presently anticipates adoption of revisions to an existing exemption from the definition of volatile organic material (VOM) on January 5, 2017, or within a short time after that date.

Section 9.1(e) of the Environmental Protection Act (Act) [415 ILCS 5/9.1(e)] requires the Board to “exempt from regulation under the SIP for ozone the [VOMs] which have been determined by (USEPA) to be exempt from regulation under [SIPs] for ozone due to negligible photochemical reactivity.” The USEPA listing of these compounds is codified at 40 C.F.R. 51.100(s). The Board is required to adopt those exemptions using the “identical in substance” rulemaking procedure of Section 7.2 of the Act [415 ILCS 5/7.2]. The Illinois listing of these compounds is codified at 35 Ill. Adm. Code 211.7150.

On October 27, 2016, the Board adopted a proposal for public comment in docket R17-2 to initiate adoption of the latest USEPA exemptions from the definition of VOM during the first half of 2016.

- On February 25, 2016 (81 Fed. Reg. 9339), USEPA revised the existing exclusion of *tert*-butyl acetate in the list of chemical species excluded from the federal definition of VOC.

A Notice of Proposed Amendment will appear in the *Illinois Register* relative to the docket R17-2 proposal later in November 2016.

The Board expects that the Illinois Environmental Protection Agency (Agency) will submit the present amendments as a revision to the Illinois SIP for ozone pursuant to section 110 of the federal Clean Air Act (42 U.S.C. § 7410(a) (2013)) and the implementing USEPA regulations. See 40 C.F.R. § 51.102 and appendix V (2015).

Section 9.1(a) of the Act [415 ILCS 5/9.1(a)] requires the Board to “provide for notice, a hearing if required by [USEPA], and public comment before adopted rules are filed with the Secretary of
