POLLUTION CONTROL BOARD

NOTICE OF PUBLIC INFORMATION ON PROPOSED AMENDMENT

NOTICE PURSUANT TO 415 ILCS 5/7.2(b)

Section 9.1(e) of the Environmental Protection Act (Act) [415 ILCS 5/9.1(e)] requires the Board to “exempt from regulation under the SIP for ozone the [VOMs] which have been determined by (USEPA) to be exempt from regulation under [SIPs] for ozone due to negligible photochemical reactivity.” The USEPA listing of these compounds is codified at 40 C.F.R. 51.100(s). The Board is required to adopt those exemptions using the “identical in substance” rulemaking procedure of Section 7.2 of the Act [415 ILCS 5/7.2]. The Illinois listing of these compounds is codified at 35 Ill. Adm. Code 211.7150, which is to be amended in Board docket R17-11.

Section 7.2(a) of the Act requires the Board to complete its identical-in-substance rulemaking actions within one year after the date of the USEPA action on which they are based. Section 7.2(b) allows the Board to extend the deadline for adoption by publication of a notice of reason for delay in the *Illinois Register*.

On July 26, 2017, the Pollution Control Board adopted an opinion and order in docket R17-11 that proposed amendments to 35 Ill. Adm. Code 211.7150 for public comment. A segment of that opinion and order set forth reasons for delay in the 35 Ill. Adm. Code 211.7150 update. In that order, the Board stated as follows:

TIMETABLE TO COMPLETE RULEMAKING

The statutory due date for this proceeding would have been August 24, 2017 (one year after the earliest USEPA action in this docket requiring Board action). Board completion of this proceeding would have required adoption of the present proposal for public comment by July 6, 2017.

The Board finds that more time is needed to complete rulemaking on the present amendments. The time needed to prepare the present proposal exceeded that normally expected. The unusually high volume of work on other identical-in-substance proposals¹ has compounded the delay. The result is unavoidable delay in preparing this proposal for public comment.

The Board observes that adoption of the present proposal for public comment today could enable the Board to adhere to the following projected

¹ These include the R17-12 Safe Drinking Water Act (SDWA) update, proposed by the Board on June 22, 2017, and the R17-15 Resource Conservation and Recovery Act (RCRA) subtitle C update, which the Board has not yet completed for proposal.
