## POLLUTION CONTROL BOARD

## NOTICE OF PROPOSED AMENDMENT

- 1) Heading of the Part: Definitions and General Provisions
- 2) Code citation: 35 Ill. Adm. Code 211
- 3) Section numbers: 211.7150                      Proposed action: Amend
- 4) Statutory authority: 415 ILCS 5/7.2, 9.1, and 27.
- 5) A Complete description of the subjects and issues involved: The following briefly describes the subjects and issues involved in this rulemaking. A comprehensive description is contained in the Board's opinion and order of September 5, 2013, proposing amendments in docket R14-7 for public comment, which opinion and order is available from the address below. As is explained in that opinion, the Board will receive public comment on the proposed amendments for 45 days from the date they appear in the Illinois Register before proceeding to adopt amendments based on this proposal.

The R14-7 proceeding relates to the listings of compounds exempted from the State definition of "volatile organic material" (VOM) or "volatile organic compound" (VOC) in 35 Ill. Adm. Code 211.7150 of the Illinois air pollution control rules. These amendments would update the definition of to correspond with amendments to the corresponding definition of VOC in the federal regulations at 40 C.F.R. 51.100(s) that the United States Environmental Protection Agency (USEPA) adopted during the period January 1, 2013 through June 30, 2013. During this period, USEPA amended its definition of VOC as follows:

February 12, 2013  
(78 Fed. Reg. 9823)

USEPA exempted four new compounds from the definition of VOM. The four newly exempted compounds are one hydrofluoroether and three hydrofluoropolyethers (HFEs).

USEPA further amended its definition of VOC by exempting another new compound, a chlorofluoroalkene on February 15, 2013 (at 78 Fed. Reg. 9823). The Board did not include this exemption in the present amendments based on the February 15, 2013 action because USEPA withdrew the exemption on April 18, 2013 (78 Fed. Reg. 23149) in response to adverse public comment. Instead, the Board added the exemption based on following USEPA action after July 1, 2013:

RECEIVED

SEP 9 2013

POLLUTION CONTROL BOARD

NOTICE OF PROPOSED AMENDMENT

August 28, 2013  
(78 Fed. Reg. 53029)

USEPA exempted one new compound from the definition of VOM. The newly exempted compound is a hydrochlorofluoroalkene.

Tables appear in the Board's opinion and order of September 5, 2013 in docket R14-7 that list a limited number of deviations from the literal text of the federal amendments and corrections and amendments that are not directly based on current federal amendments. The tables contain deviations from the literal text of the federal amendments underlying these amendments, as well as corrections and clarifications that the Board made in the base text involved. Persons interested in the details of those corrections and amendments should refer to the September 5, 2013 opinion and order in docket R14-7.

Section 9.1(e) of the Environmental Protection Act [415 ILCS 5/9.1(e)] provides that Section 5-35 of the Administrative Procedure Act [5 ILCS 100/5-35] does not apply to this rulemaking. Because this rulemaking is not subject to Section 5-35 of the APA, it is not subject to First Notice or to Second Notice review by the Joint Committee on Administrative Rules (JCAR).

- 6) Published studies or reports, and sources of underlying data, used to compose this rulemaking: None
- 7) Will these proposed amendment replace emergency amendment currently in effect? No.
- 8) Does this rulemaking contain an automatic repeal date? No.
- 9) Do these proposed amendment contain incorporations by reference? No.
- 10) Statement of statewide policy objectives: None.
- 11) Are there any other amendments pending on this Part? No.
- 12) Time, Place and manner in which interested persons may comment on this proposed rulemaking: The Board will accept written public comment on this proposal for a period of 45 days after the date of this publication. Comments should reference docket R14-7 and be addressed to:

POLLUTION CONTROL BOARD

NOTICE OF PROPOSED AMENDMENT

John T. Therriault, Assistant Clerk  
Illinois Pollution Control Board  
State of Illinois Center, Suite 11-500  
100 W. Randolph St.  
Chicago, IL 60601

The Board will conduct one public hearing on the proposed amendments because they will ultimately result in submission to the United States Environmental Protection Agency of an amendment to the state implementation plan (SIP). Section 110(a)(2) of the Federal Clean Air Act (42 U.S.C. § 7410(a)(2) (2006)) requires reasonable notice and hearing before a state undertakes an amendment to the SIP. The public hearing will occur by videoconference at the following time and locations:

1:15 p.m., October 31, 2013

James R. Thompson Center  
Illinois Pollution Control Board Hearing Room  
100 West Randolph Street, Room 11-512  
Chicago

and

Sangamo Building  
Illinois Pollution Control Board Hearing Room  
1021 North Grand Avenue  
Springfield

Please direct inquiries to the following person and reference docket R14-7:

Michael J. McCambridge  
Staff Attorney  
Illinois Pollution Control Board  
100 W. Randolph 11-500  
Chicago, IL 60601

Phone: 312-814-6924  
E-mail: [mccambm@ipcb.state.il.us](mailto:mccambm@ipcb.state.il.us)

Request copies of the Board's opinion and order at 312-814-3620, or download a copy from the Board's Website at <http://www.ipcb.state.il.us>.

POLLUTION CONTROL BOARD

NOTICE OF PROPOSED AMENDMENT

- 13) Initial regulatory flexibility analysis:
- A) Types of small businesses, small municipalities, and not-for-profit corporations affected: This rulemaking may affect those small businesses, small municipalities, and not-for-profit corporations that use or emit the affected chemicals that are proposed for deletion from the definition of VOM. These proposed amendments do not create or enlarge a state mandate, as defined in Section 3(b) of the State Mandates Act. [30 ILCS 805/3(b) (2010)].
  - B) Reporting, bookkeeping or other procedures required for compliance: The existing rules and proposed amendments require extensive reporting, bookkeeping and other procedures, including emissions monitoring, annual reports, and maintenance of operating records. These proposed amendments do not create or enlarge a state mandate, as defined in Section 3(b) of the State Mandates Act. [30 ILCS 805/3(b) (2010)].
  - C) Types of professional skills necessary for compliance: Compliance with the existing rules and proposed amendments may require the services of an attorney, certified public accountant, chemist, and registered professional engineer. These proposed amendments do not create or enlarge a state mandate, as defined in Section 3(b) of the State Mandates Act. [30 ILCS 805/3(b) (2010)].
- 14) Regulatory agenda on which this rulemaking was summarized: 37 Ill. Reg. 9060, 9066-69, June 28, 2013.

The Full Text of the Proposed Amendment Begins on the Next Page:

**Section 211.7150 Volatile Organic Material (VOM) or Volatile Organic Compound (VOC)**

“Volatile organic material” (also “VOM”) or “volatile organic compound” (also “VOC”) means any compound of carbon, excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate, that participates in atmospheric photochemical reactions.

- a) This definition of VOM includes any organic compound that participates in atmospheric photochemical reactions, other than the compounds listed in this subsection (a). USEPA has determined that the compounds listed in this subsection (a) have negligible photochemical reactivity. USEPA has excluded the listed negligibly-reactive compounds from the definition of VOM for purposes of VOM limitations or VOM content requirements. However, USEPA has required that certain of these compounds be considered VOM for purposes of recordkeeping, emissions reporting, and inventory requirements, as described in subsection (e) of this Section.

NOTICE OF PROPOSED AMENDMENT

- b) For purposes of determining VOM emissions and compliance with emissions limits, VOM will be measured by the test methods in the approved implementation plan or 40 CFR 60, Appendix A, incorporated by reference at 35 Ill. Adm. Code 215.105, 218.112, and 219.112, as applicable, or by source-specific test methods that have been established pursuant to a permit issued under a program approved or promulgated under Title V of the Clean Air Act; under 40 CFR 51, Subpart I or Appendix S, incorporated by reference at 35 Ill. Adm. Code 218.112 and 219.112; or under 40 CFR 52.21, incorporated by reference at 35 Ill. Adm. Code 218.112 and 219.112, as applicable. Where such a method also measures compounds with negligible photochemical reactivity, these negligibly-reactive compounds may be excluded as VOM if the amount of such compounds is accurately quantified and the exclusion is approved by the Agency.
- c) As a precondition to excluding these negligibly-reactive compounds as VOM, or at any time thereafter, the Agency may require an owner or operator to provide monitoring or testing methods and results demonstrating, to the satisfaction of the Agency, the amount of negligibly-reactive compounds in the source's emissions.
- d) The USEPA will not be bound by any State determination as to appropriate methods for testing or monitoring negligibly-reactive compounds if such determination is not reflected in any of the test methods in subsection (b) above.
- e) The following compound is VOM for the purposes of all recordkeeping, emissions reporting, photochemical dispersion modeling and inventory requirements that apply to VOM, and it must be uniquely identified in emission reports, but it is not VOM for the purposes of VOM emissions limitations or VOM content requirements: t-butyl acetate.
