Letter from the Chairman

In June, the Board took action in rulemakings that generated widespread public interest and comment. The actions in these recent rulemakings are summarized below. As always, information about these proceedings is available through the Clerk's Office Online (COOL) at our Web site at www.ipcb.state.il.us.

On June 5, 2014, the Board proposed first notice amendments to the Board's procedural rules entitled: Procedural Rule to Implement Electronic Filing and allow for Public Remarks at Board Meetings, R14-21. The Board changes accomplish two primary objectives. First, the proposal allows, with certain limited exceptions, electronic filing in all Board proceedings through COOL, as well as service by e-mail of most types of filings. Second, the proposal codifies procedural standards for remarks by members of the public at the Board's open meetings in accordance with the Open Meetings Act. In addition, the Board takes the opportunity to update other sections of the procedural rules, including rulemaking proposals that include material proposed for incorporation by reference, pollution control facility certification for property tax purposes; temporary waivers of the ban on specified electronic products landfills; and formatting requirements for the record in appeals from final agency decisions. The Board will accept comments until August 19, 2014.

Also on June 5, 2014, the Board adopted amendments in two programs in which the Board is authorized to adopt the rules "identical-in-substance" to the federal rules. Those two rules are Definition of VOM Update, USEPA Amendments (July 1, 2013 through December 31, 2013), R14-16 and National Ambient Air Quality Standards, USEPA Amendments (July 1, 2013 through December 31, 2013), R 14-17.

On June 19, 2014, the Board accepted for hearing a site-specific rule entitled: Proposal of Clifford-Jacobs Forging Co. for an Amendment to the Site-Specific Rule at 35 Ill. Adm. Code 901.119, R14-22. The Board will proceed to hearing on the request for a site-specific noise regulation to amend a previously promulgated site-specific noise rule to extend the allowable operational levels for its forging facility located in unincorporated Champaign County.

Sadly, on June 14, 2014, Jacob D. Dumelle died. Mr. Dumelle was appointed to the Board in 1970 by Governor Ogilvie to serve as one of the members of the Board at its inception. Mr. Dumelle served for 21 years, including more than 15 years as the Board's Chairman. During his tenure, Mr. Dumelle exhibited an unending enthusiasm for probing environmental initiatives that established a record of significant and lasting accomplishments. Mr. Dumelle was generous with his time and expertise, donating his services to civic and professional groups involved in enhancing the environment. Although I did not have the honor of meeting Mr. Dumelle, I have referred to his cases for guidance. His legacy continues through the Board Members and staff, those with the Board and those that have moved on, who worked with him and knew him well. We send our deepest sympathies to his family on their loss.

Sincerely,

A handwritten signature in cursive script that reads "Deanna Glosser". The ink is dark and the signature is fluid and legible.

Rulemaking Update

Board Amends VOM Definition to Reflect USEPA Amendment in Last Half of 2013, R14-16

The Board, on June 5, 2014, adopted an “identical-in-substance” rulemaking that updates the definition of “volatile organic material” (VOM) in the Board’s air pollution regulations. The update is needed to ensure that Illinois’ regulations reflect the United States Environmental Protection Agency’s (USEPA) most recent exclusions of chemical compounds from regulation as ozone precursors. The update includes all USEPA actions in this regard that occurred during the period from July 1, 2013 through December 31, 2013. The Board adopted an amendment that adds one compound to the list of those excluded from the definition of VOM. The amendment responds to one USEPA action that resulted in a single USEPA amendment to the federal definition of “volatile organic compound” (VOC) codified at 40 C.F.R. 51.100(s). Specifically, on October 22, 2013, USEPA excluded 2,3,3,3-tetrafluoropropene (CAS 754-12-1) from the definition of VOC. VOC in the federal regulations and VOM in the Illinois rules have the same meaning. The Board rulemaking is docketed as In the Matter of: Definition of VOM Update, USEPA Regulations (July 1, 2013 through December 31, 2013), R14-16.

Board Amends Air Rules to Reflect USEPA Action on NAAQS in Last Half of 2013, R14-17

On June 5, 2014, the Board updated the ambient air quality standards in the Board’s air pollution regulations to reflect action taken by USEPA regarding the National Ambient Air Quality Standards (NAAQS). The Board’s adopted amendments are intended to make the Illinois ambient air quality standards “identical-in-substance” to the NAAQS adopted by USEPA. USEPA did not amend the NAAQS during the period from July 1, 2013 through December 31, 2013, but it did take ancillary action related to approval of new analytical methods for demonstrating compliance. Specifically, USEPA issued an update to its *List of Designated Reference and Equivalent Methods* on December 17, 2013. To reflect USEPA’s updated list, the Board amended its rule that incorporates USEPA’s list by reference. The Board rulemaking is docketed as In the Matter of: National Ambient Air Quality Standards, USEPA Regulations (July 1, 2013 through December 31, 2013), R14-17.

Board Proposes Procedural Rule Amendments to Accommodate Public Remarks at Board Meetings and Implement Electronic Filing, R14-21

On June 5, 2014, the Board adopted proposed procedural rule amendments for first-notice publication. The amendments will provide detailed procedures for the following: electronic filing in all Board proceedings; service by e-mail of most types of filings; and public remarks at the Board’s open meetings in accordance with the Open Meetings Act. Additionally, the Board proposes changes to filing requirements for rulemaking proposals that include copyrighted material proposed for incorporation by reference. The Board also proposes to amend its procedural rules for tax certification proceedings to more closely conform with statutory requirements.

The proposed electronic filing amendments will codify the practices developed to accommodate electronic filing through the Board’s Clerk’s Office On-Line (COOL). The proposed amendments will also allow for e-mail service of documents among adjudicatory or rulemaking participants under specified circumstances. The proposed rule changes are expected to dramatically decrease the amount of paper generated during Board proceedings.

The Board is proposing to add a new subsection (d) to Section 101.110 of the procedural rules to provide ground rules for addressing the Board at open meetings. The proposed amendments include a provision to require a member of the public interested in speaking at an open Board meeting to provide basic information on a sign-in sheet. Also proposed is a provision stating that the Board will arrange to have public remarks transcribed and will make the transcripts part of the record of the proceeding to which the remarks relate.

Additionally, the Board proposes various changes to other sections of the procedural rules. For example, the Board proposes to prohibit electronic filing of copyright-protected material proposed to be incorporated by reference in a rulemaking and to substantially reduce, from an original and nine copies to four originals, the number of paper copies of copyrighted material that must be filed with the Board. This should provide sufficient copies of such material for the Board to meet its legal obligations without imposing unnecessary costs on rulemaking proponents. Also included are proposed amendments to provide for hearings in tax certification proceedings upon a timely request of a certificate holder or applicant where the Board is considering denial, revocation, or modification of tax certification.

The Board's proposed amendments were published in the *Illinois Register* on June 20, 2014. See 38 Ill. Reg. 12685-12825 (June 20, 2014). The Board encourages persons to file public comments on these proposed amendments. The docket number for this rulemaking, R14-21, should be indicated on the public comment. The rulemaking is captioned In the Matter of: Procedural Rule Amendments to Implement Electronic Filing and Allow for Public Remarks at Board Meetings: Proposed Amendments to 35 Ill. Adm. Code 101-130.

By hearing officer order of June 27, 2014, the first-notice comment period ends on August 19, 2014. Public comments must be filed with the Clerk of the Board. Public comments may be filed at the following address: Pollution Control Board, James R. Thompson Center, 100 W. Randolph Street, Suite 11-500, Chicago, IL 60601. In addition, public comments may be filed electronically through COOL at www.ipcb.state.il.us. Any questions about electronic filing through COOL should be directed to the Clerk's Office at (312) 814-3629.

Opinions and orders of the Board, hearing transcripts, and other documents in rulemaking records are posted on the Board's website and may be downloaded without charge. Hard copies may be obtained from the Clerk's Office upon payment of reproduction fees as prescribed by the Freedom of Information Act.

Board Accepts Site-Specific Noise Rulemaking for Hearing, R14-22

The Board, on June 19, 2014, accepted for hearing a site-specific rulemaking proposal filed by Clifford-Jacobs Forging Company (Clifford-Jacobs) on June 2, 2014. Clifford-Jacobs proposes amending an existing site-specific noise rule. The company seeks to extend the allowable operation levels for its forging facility located in unincorporated Champaign County. Clifford-Jacobs states that its forging facility contains ten steam-driven forging hammers weighing 1,500 to 25,000 pounds. Operation of the forging hammers is limited by Section 901.119 of the Board's noise regulations, which specifies the maximum number of hammers that may be operated at a given time and permissible hours of operation – 6 A.M. to 11 P.M., Monday through Saturday. The proposal would amend Section 901.119 to increase by seven hours a day the permissible hours of operation. According to Clifford-Jacobs, the amendment will allow for up to three shifts and tailoring of hours of operation to accommodate fluctuations in demand and enhance worker safety. The proposal states that most of the property surrounding the forging facility is zoned for heavy industry and is occupied by farmland, a freight switching yard, and industrial property. Clifford-Jacobs maintains that it has three options to remain viable in a "wildly fluctuating competitive market": add hammer mills at a new location; outsource production to suppliers; or expand production at the existing plant.

The Board directed the hearing officer to schedule and proceed to hearing in this site-specific rulemaking. The rulemaking is docketed as In the Matter of: Proposal of Clifford-Jacobs Forging Co. for an Amendment to the Site-Specific Rule at 35 Ill. Adm. Code 901.119, R14-22.

Opinions and orders of the Board, hearing transcripts, and other documents in rulemaking records are posted on the Board's website and may be downloaded without charge. Hard copies may be obtained from the Clerk's Office upon payment of reproduction fees as prescribed by the Freedom of Information Act.

Administrative Citations

- AC 12-48** IEPA v. Ruth White – The Board denied respondent’s motion for reconsideration of the Board’s interim order of April 3, 2014, and assessed hearing costs along with the statutory civil penalty in this matter. The Board entered a final opinion and order requiring respondent to pay hearing costs of the Illinois Environmental Protection Agency and the Board in the amount of \$417.13 and a civil penalty of \$4,500. This order follows the Board’s interim order of April 3, 2014 (IEPA v. Ruth White, AC 12-48 (April 3, 2014)), which found that this respondent had violated Section 21(p)(1), 21(p)(3), and 55(k)(1) of the Environmental Protection Act (Act) (415 ILCS 5/21(p)(1), (p)(3), 55(k)(1) (2012)). 4-0
- AC 12-51** IEPA v. Northern Illinois Service Company – The Board denied complainant’s motion for summary judgment. 4-0
- AC 13-33** IEPA v. Industrial Demolition – In response to a joint stipulation and settlement agreement in this administrative citation action involving a Macoupin County facility, the Board found that respondent had violated Section 21(p)(1) of the Environmental Protection Act (415 ILCS 5/21(p)(1) (2012)) and ordered respondent to pay a civil penalty of \$1,500. The Board also granted the parties’ joint motion to dismiss respondent’s petition for review. To effectuate the parties’ intent that respondent pay a total civil penalty of \$1,500, the Board, on its own motion, dismissed the alleged violation of Section 21(p)(3) of the Environmental Protection Act (415 ILCS 5/21(p)(3) (2012)). 4-0
- AC 14-44** County of Sangamon v. Joe Chernis, Jr., and Midwest Demolition and Scrap, Inc. – In response to a joint stipulation and settlement agreement in this administrative citation action involving a Sangamon County facility, the Board found that respondents had violated Sections 21(p)(1) and 21(p)(3) of the 4-0

Environmental Protection Act (Act) (415 ILCS 5/21(p)(1) and 21(p)(3) (2012)), and ordered respondents to pay a civil penalty of \$3,000. The Board also granted the parties' joint motion to dismiss respondents' petition for review. To effectuate the parties' intent that respondents pay a total civil penalty of \$3,000, the Board, on its own motion, dismissed the alleged violations of Section 21(p)(7) of the Environmental Protection Act (Act) (415 ILCS 5/21(p)(7) (2012)).

- AC 14-45** IEPA v. Benjamin Raleigh & Rose Mary Raleigh – The Board found that these McDonough County respondents violated Sections 21(p)(1), (p)(3), and (p)(7) of the Environmental Protection Act (415 ILCS 5/21(p)(1), (3), and (7) (2012)), and ordered respondents to pay a civil penalty of \$4,500. 4-0
- AC 14-46** IEPA v. Jeanetta and Gary Maddock – The Board accepted respondents' petition for review involving a Massac County facility, but directed respondents to file an amended petition to cure deficiencies specified in the order. 4-0
- AC 14-47** IEPA v. Robert Frazier – The Board found that this Champaign County respondent violated Sections 21(p)(1), (p)(3), and (p)(7) of the Environmental Protection Act (415 ILCS 5/21(p)(1), (3), and (7) (2012)), and ordered respondent to pay a civil penalty of \$4,500. 4-0

Adjusted Standards

AS 13-5 In the Matter of: Petition of Caterpillar, Inc. for an Adjusted Standard From 35 Ill. Admin. Code 620.410(a) and 817.106(a) – The Board granted petitioner’s motion to extend to June 4, 2014 the deadline for compliance with paragraph 5 of the Board’s order dated November 7, 2013 granting petitioner an adjusted standard with conditions. 4-0

Administrative Citations

AC 13-7 IEPA v. Robert Manker – The Board entered a final opinion and order requiring respondent to pay hearing costs of the Illinois Environmental Protection Agency and the Board in the amount of \$363.43 and a civil penalty of \$4,500. This order follows the Board's interim order of May 15, 2014, which found that this respondent had violated Section 21(p)(1), 21(p)(3), and 21(p)(7) of the Environmental Protection Act (Act) (415 ILCS 5/21(p)(1), (p)(3), 21(p)(7) (2012)). 4-0

AC 14-48 IEPA v. Best One Tire & Service of Fairfield, Inc. and Rogers & Associates – The Board found that these Wayne County respondents violated Section 55(k)(1) of the Environmental Protection Act (415 ILCS 5/55(k)(1) (2012)). Because the violation of Section 55(k)(1) is respondents’ second or subsequent adjudicated violation of that provision, respondents were ordered to pay a civil penalty of \$3,000. 4-0

AC 14-49 IEPA v. Walker Tire – The Board found that this DeWitt County respondent violated Section 55(k)(1) of the Environmental Protection Act (415 ILCS 5/55(k)(1) (2012)), and ordered respondent to pay a civil penalty of \$1,500. 4-0
