The amendment to 727 sounds good and all other rulemakings are in good shape.

I have marked the correction for the future. I will have to make sure to remove it from the copy of the text that I will tender for on-line posting. I will be able to do so and thereby finish all my work on this rulemaking as soon as I get the *Illinois Register* page numbers later this week.

We will be proposing updates to the incorporations by reference in Parts 720 and 810 this fall. Should I add this minor correction to Part 727? Will you have further corrections to any of the 700-series that I work on? (702-705, 720-728, 730, 733, 738 & 739)

We should be finalizing pending amendments to Parts 211 and 243 later this week, filing to follow.

I'm going to be recklessly busy for most of the day. Will try to return your phone call when I can. Next time you open 727 in sec. 240(n)(5)(A) check to see if you should add "of" after "following the close".
