BEFORE THE ILLINOIS POLLUTION CONTROL BOARD

IN THE MATTER OF:)
) AS 2021-002
Petition of Midwest Generation LLC for an)
Adjusted Standard From 35 Ill. Adm. Code) (Adjusted Standard)
845.740(a) and Finding of Inapplicability of)
35 Ill. Adm. Code 845)
(Powerton Station))

MOTION FOR EXTENSION OF TIME

The Illinois Environmental Protection Agency (“Illinois EPA” or “Agency”), by and through its attorney, hereby submits its Motion for Extension of Time and requests a 90-day extension of time, up to and including at least Monday, November 22, 2021, to file its recommendation concerning the Petition of Midwest Generation LLC for an Adjusted Standard from Section 845.740(a) and Finding of Inapplicability of 35 Ill. Admin. Code 845 (“Part 845”) at its Powerton Station, stating as follows:

1. On May 11, 2021, Petitioner filed its Petition for Adjusted Standards from Part 845 (“Petition”).
2. On May 11, 2021, a total of eight petitions for adjusted standards and three petitions for variances were filed with the Board concerning Part 845. Many of these petitions seek adjusted standards or variances for multiple coal combustion residual (“CCR”) surface impoundments.
3. On June 3, 2021, the Board granted Illinois EPA’s extension of time to file the Agency’s recommendation on the Petition and ordered the Agency recommendation due on August 24, 2021.
4. The Agency has been working diligently to evaluate and complete recommendations concerning Petitioner’s requests as contained in the Petition.

5. On August 10, 2021, Illinois EPA held a meeting with Petitioner to discuss its request for adjusted standard from 35 Ill. Adm. Code 845.740(a) at all its facilities. During the meeting, Petitioner informed Illinois EPA that it is modifying its plans for closure of its CCR surface impoundments at the Powerton Station and will retrofit certain CCR surface impoundments subject of its Petition.

6. Based on Petitioner's representations to Illinois EPA about its intention to file an amended Petition, along with the number of recommendations the Agency must complete, Illinois EPA requests the Board extend the deadline to file its recommendation concerning the Petition by ninety (90) days. Illinois EPA requests that the Board allow the Agency ninety (90) days from the date the Board accepts any amended petition, or, in the alternative, ninety (90) days from the current deadline of August 24, 2021, up to and including at least Monday, November 22, 2021.

7. Counsel for the Agency contacted counsel for Midwest Generation, who indicated they have no objection to the requested extension of time.

WHEREFORE, Illinois EPA requests the Illinois Pollution Control Board grant its Motion for Extension of Time and grant the Agency an additional 90 days, up to and including at least Monday November 22, 2021, to file its recommendation with the Board.

Respectfully submitted,
