NOTICE OF HEARING

On August 16, 2021, the Illinois Environmental Regulatory Group (IERG) proposed updates to Board rules with the intention of updating the rules to make them consistent and current with the Clean Air Act and federal Non-Attainment New Source Review program.

The Board will conduct two hearings to allow IERG, IEPA and any other interested participants to testify and comment on the merits and economic impact of the proposed rule. *See* 415 ILCS 5/28(a) (2020); 35 Ill. Adm. Code 102.412(a).

If adopted by the Board, the Illinois EPA will submit proposed amendments to Part 203 and Part 204 to the United States Environmental Protection Agency (U.S. EPA) for review and approval as a State Implementation Plan (SIP) revision to satisfy Clean Air Act (“CAA”) requirements regarding Nonattainment New Source Review and Prevention of Significant Deterioration. 42 U.S.C. §§7410(a)(2)(C), and 7471 and 7502. The revisions submitted to U.S. EPA will include not only the amendments to current regulatory provisions under this proposal, but also the newly created provisions, as well as an analysis demonstrating that the proposal does not interfere with attainment or maintenance of any applicable National Ambient Air Quality Standard, reasonable further progress, or any other applicable requirement of the CAA. This notice is intended to satisfy the requirements of Section 110(l) of the CAA, 42 U.S.C. §7410(l), regarding public notice for SIP submittals.

The Board’s procedural rules provide that “[a]ny Board hearing may be held by videoconference.” The rules list factors that hearing officers consider when determining whether to hold a hearing by videoconference. 35 Ill. Adm. Code 101.600(b).

Based on the nature of IERG’s proposal, the Board does not expect the required hearings to be unusually lengthy, complex, or contentious. The Board expects that its videoconference facilities will accommodate attendance and participation at these hearings. Finally, videoconference hearings would reduce the time and cost of travel for the Board and such potential participants as the Illinois Environmental Protection Agency (IEPA) and regulated entities. Having considered these factors, the Board concludes to conduct both of the required hearings by videoconference between Chicago and Springfield. 35 Ill. Adm. Code 101.600(b).
