COUNT I

FAILURE TO TIMELY DECOMMISSION VAPOR COLLECTION AND CONTROL SYSTEM AND SUBMIT REPORTS

1. This Complaint is brought on behalf of the People of the State of Illinois by Kwame Raoul, Attorney General of the State of Illinois, on his own motion and at the request of the Illinois Environmental Protection Agency (“Illinois EPA”), against LINCOLN PETRO, INC., d/b/a CITGO, an Illinois dissolved corporation (“Respondent” or “Lincoln”), pursuant to Section 31 of the Illinois Environmental Protection Act (“Act”), 415 ILCS 5/31 (2020).

2. The Illinois EPA is an administrative agency of the State of Illinois created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2020), and is charged, *inter alia*, with the duty of enforcing the Act.

3. On September 8, 2017, Respondent became an Illinois dissolved corporation that was previously in good standing and authorized to transact business in the State of Illinois.

4. At all times relevant to this Complaint, Lincoln owned and operated and continues to own and operate a gasoline dispensing facility located at 14433 Lincoln Avenue, Dolton, Cook County, Illinois 60419 (“Facility”).

5. At all times relevant to this Complaint, Lincoln owns and operates gasoline dispensing pumps at the Facility that emitted volatile organic compounds (“VOCs”) into the environment.

6. From January 1, 2017 through the filing of this Complaint, Lincoln failed to submit a notice of intent to the Illinois EPA to decommission its vapor collection and control the filing of this Complaint system.

6. From January 1, 2017 through November 30, 2021, Lincoln failed to submit a decommissioning checklist, certification, and test results to the Illinois EPA.

7. Section 9(a) of the Act, 415 ILCS 5/9(a) (2020), provides as follows:

No person shall:

(a) Cause or threaten or allow the discharge or emission of any contaminant into the environment in any State so as to cause or tend to cause air pollution in Illinois, either alone or in combination with contaminants from other sources, or so as to violate regulations or standards adopted by the Board under this Act.

8. Section 218.586(i)(1)(B) of the Illinois Pollution Control Board (“Board”) Air Pollution Regulations, 35 Ill. Adm. Code 218.586(i)(1)(B), provides as follows:

No later than December 31, 2016, an owner or operator of a gasoline dispensing operation shall complete the decommissioning of all vapor collection and control systems in accordance with all of the provisions specified in subsection (i)(2).

9. Section 218.586(i)(2)(A) of the Board Air Pollution Regulations, 35 Ill. Adm. Code 218.586(i)(2)(A), provides as follows:

The owner or operator of a gasoline dispensing operation shall complete and submit a notice of intent form, provided by the Agency, notifying the Agency of its intent to decommission. The completed notice of intent form shall be submitted to the Agency at least 10 days prior to commencing decommissioning in accordance with subsection (i)(2)(B).

10. Section 218.586(i)(2)(C) of the Board Air Pollution Regulations, 35 Ill. Adm.

Code 201.586(i)(2)(C), provides as follows:

The owner or operator of a gasoline dispensing operation and the contractors that performed the decommissioning shall complete and sign a decommissioning checklist and certification, provided by the Agency, documenting the decommissioning procedures performed. Within 30 days after completion of the decommissioning procedures specified by subsection (i)(2)(B), the owner or operator shall provide the completed checklist and certification and the test results to the Agency.

11. Section 3.315 of the Act, 415 ILCS 5/3.315 (2020), provides the following definition:

“PERSON” is any individual, partnership, co-partnership, firm, company, limited liability company, corporation, association, joint stock company, trust, estate, political subdivision, state agency, or any other legal entity, or their legal representative, agent or assigns.

12. Section 3.165 of the Act, 415 ILCS 5/3.165 (2020), provides the following definition:

“CONTAMINANT” is any solid, liquid, or gaseous matter, any odor, or any form of energy, from whatever source.

13. Section 218.586(a)(11) of the Board Air Pollution Regulations, 35 Ill. Adm. Code 218.586(a)(11), provides the following definition:

“OWNER” or “OPERATOR” means any person who owns, leases, operates, manages, supervises or controls (directly or indirectly) a gasoline dispensing operation.

14. Section 218.586(a)(7) of the Board Air Pollution Regulations, 35 Ill. Adm. Code 218.586(a)(7), provides the following definition:

“GASOLINE DISPENSING OPERATION” means any operation where motor vehicle fuel is dispensed into motor vehicle fuel tanks or portable containers from a storage tank with a capacity of 2176 liters (575 gallons) or more.

15. Lincoln, a corporation, was a “person” as that term is defined in Section 3.315 the Act, 415 ILCS 5/3.315 (2020).

16. VOCs are “contaminants” as that term is defined by Section 3.165 of the Act, 415 ILCS 5/3.165 (2020).

17. Lincoln was an “owner” or “operator,” as that term is defined in Section 218.586(a)(11) of the Board Air Pollution Regulations, 35 Ill. Adm. Code 218.586(a)(11).

and 218.586(i)(2)(C) of the Board Air Pollution Regulations, 35 Ill. Adm. Code 218.586(i)(2)(A) and 218.586(i)(2)(C).

21. On information and belief, Lincoln failed to timely decommission its vapor collection and control system, and thereby violated Section 218.586(i)(1)(B) of the Board Air Pollution Regulations, 35 Ill. Adm. Code 218.586(i)(1)(B).

WHEREFORE, Complainant, PEOPLE OF THE STATE OF ILLINOIS, respectfully requests that the Board enter an Order against the Respondent, LINCOLN PETRO, INC. d/b/a CITGO, as follows:

STIPULATION AND PROPOSAL FOR SETTLEMENT

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by KWAME RAOUL, Attorney General of the State of Illinois, the ILLINOIS ENVIRONMENTAL PROTECTION AGENCY (“Illinois EPA”), and Respondent, LINCOLN PETRO, INC., an Illinois dissolved corporation, d/b/a CITGO (“Respondent” or “Lincoln”) (collectively “Parties to the Stipulation”), have agreed to the making of this Stipulation and Proposal for Settlement (“Stipulation”) and submit it to the Illinois Pollution Control Board (“Board”) for approval. This stipulation of facts is made and agreed upon for purposes of settlement only and as a factual basis for the Board’s approval of this Stipulation and issuance of relief. None of the facts stipulated herein shall be introduced into evidence in any other proceeding regarding the violations of the Illinois Environmental Protection Act (“Act”), 415 ILCS 5/1, et seq. (2020), and the Board’s regulations, alleged in the Complaint except as otherwise provided herein. It is the intent of the Parties to the Stipulation that it be a final adjudication of this matter.

I. STATEMENT OF FACTS

A. Parties

1. On January 21, 2022, a Complaint was filed on behalf of the People of the State of Illinois by Kwame Raoul, Attorney General of the State of Illinois, on his own motion and upon the request of the Illinois EPA, pursuant to Section 31 of the Act, 415 ILCS 5/31 (2020), against the Respondent.

2. The Illinois EPA is an administrative agency of the State of Illinois, created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2020).

3. On September 8, 2017, Respondent became an Illinois dissolved corporation that was previously in good standing and authorized to transact business in the State of Illinois.

4. At all times relevant to the Complaint, Respondent owned and operated and continues to own and operate a gasoline dispensing facility located at 14433 Lincoln Avenue, Dolton County, Illinois 60419 ("Facility").

5. At all times relevant to the Complaint, Respondent owned and operated and continues to own and operate gasoline dispensing pumps at the Facility that emit volatile organic compounds ("VOCs") into the environment.

B. Allegations of Non-Compliance

Complainant contends that the Respondent has violated the following provisions of the Act and Board Air Pollution regulations:

Count I: Failure to Timely Decommission Vapor Collection and Control System and Submit Reports in violations of Section 9(a) of the Act, 415 ILCS 5/9(a) (2020), and Sections 218.586(i)(1)(B), 218.586(i)(2)(A) and 218.586(i)(2)(C) of the Board Air Pollution Regulations, 35 Ill. Adm. Code 218.586(i)(1)(B), 218.586(i)(2)(A) and 218.586(i)(2)(C).

C. Non-Admission of Violations

The Respondent represents that it has entered into this Stipulation for the purpose of settling and compromising disputed claims without having to incur the expense of contested litigation. By entering into this Stipulation and complying with its terms, the Respondent does not affirmatively admit the allegations of violation within the Complaint and referenced within Section I.B herein, and this Stipulation shall not be interpreted as including such admission.

D. Compliance Activities to Date

1. On December 1, 2021, Lincoln submitted a decommissioning checklist, certification, and test results to the Illinois EPA.

II. APPLICABILITY

This Stipulation shall apply to and be binding upon the Parties to the Stipulation. The Respondent shall not raise as a defense to any enforcement action taken pursuant to this Stipulation the failure of any of its officers, directors, agents, employees or successors or assigns to take such action as shall be required to comply with the provisions of this Stipulation. This Stipulation may be used against the Respondent in any subsequent enforcement action or permit proceeding as proof of a past adjudication of violation of the Act and the Board Regulations for all violations alleged in the Complaint in this matter, for purposes of Sections 39 and 42 of the Act, 415 ILCS 5/39 and 42 (2020).

III. IMPACT ON THE PUBLIC RESULTING FROM ALLEGED NON-COMPLIANCE

Section 33(c) of the Act, 415 ILCS 5/33(c) (2020), provides as follows:

In making its orders and determinations, the Board shall take into consideration all the facts and circumstances bearing upon the reasonableness of the emissions, discharges, or deposits involved including, but not limited to:

1. the character and degree of injury to, or interference with the protection of the health, general welfare and physical property of the people;
2. the social and economic value of the pollution source;
3. the suitability or unsuitability of the pollution source to the area in which it is located, including the question of priority of location in the area involved;
4. the technical practicability and economic reasonableness of reducing or eliminating the emissions, discharges or deposits resulting from such pollution source; and
5. any subsequent compliance.

In response to these factors, the Parties to the Stipulation state the following:

1. Human health and the environment were threatened and the Illinois EPA's information gathering responsibilities hindered by the Respondent's violations.
2. There was social and economic benefit to the Facility.
3. Operation of the Facility was suitable for the area in which it is located.
4. Timely submission to the Illinois EPA of a notice of intent to decommission the Facility's vapor collection and control system, timely decommissioning of its vapor collection and control system, and timely submission of a decommissioning checklist, certification, and test results to the Illinois EPA, were both technically practicable and economically reasonable.
5. Respondent has not subsequently complied with the Act and the Board regulations.

IV. CONSIDERATION OF SECTION 42(h) FACTORS

Section 42(h) of the Act, 415 ILCS 5/42(h) (2020), provides as follows:

In determining the appropriate civil penalty to be imposed under . . . this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection i of this Section, the non-compliance to the Agency;
7. whether the respondent has agreed to undertake a 'supplemental environmental project,' which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform; and
8. whether the respondent has successfully completed a Compliance Commitment Agreement under subsection (a) of Section 31 of this Act to remedy the violations that are the subject of the complaint.

In response to these factors, the Parties to the Stipulation state as follows:

1. Respondent failed to timely decommission its vapor collection and control system and failed to timely submit a decommissioning checklist, certification, and test results to the

Illinois EPA. The violations began on January 1, 2017 and continued through November 30, 2021.

2. Respondent was not diligent in attempting to come back into compliance with the Act and Board regulations once the Illinois EPA notified it of its noncompliance.

3. The civil penalty takes into account any economic benefit realized by the Respondent as a result of avoided or delayed compliance.

4. Complainant has determined, based upon the specific facts of this matter, that a penalty of Five Thousand dollars (\$5,000.00) will serve to deter further violations and aid in future voluntary compliance with the Act and Board regulations.

5. To Complainant's knowledge, Respondent has no previously adjudicated violations of the Act.

6. Self-disclosure is not at issue in this matter.

7. The settlement of this matter does not include a supplemental environmental project.

8. A Compliance Commitment Agreement was not at issue in this matter.

V. TERMS OF SETTLEMENT

A. Penalty Payment

The Respondent shall pay a civil penalty in the sum of Five Thousand Dollars (\$5,000.00) within thirty (30) days from the date the Board adopts and accepts this Stipulation.

B. Interest and Default

1. If the Respondent fails to make any payment required by this Stipulation on or before the date upon which the payment is due, the Respondent shall be in default and the remaining unpaid balance of the penalty, plus any accrued interest, shall be due and owing

immediately. In the event of default, the Complainant shall be entitled to reasonable costs of collection, including reasonable attorney's fees.

2. Pursuant to Section 42(g) of the Act, interest shall accrue on any penalty amount owed by the Respondent not paid within the time prescribed herein. Interest on unpaid penalties shall begin to accrue from the date such are due and continue to accrue to the date full payment is received. Where partial payment is made on any penalty amount that is due, such partial payment shall be first applied to any interest on unpaid penalties then owing.

C. Payment Procedures

1. All payments required by this Stipulation shall be made by certified check or money order payable to the Illinois EPA for deposit into the Environmental Protection Trust Fund ("EPTF"). Payments shall be sent by first class mail and delivered to:

Illinois Environmental Protection Agency
Fiscal Services
1021 North Grand Avenue East
P.O. Box 19276
Springfield, Illinois 62794-9276

2. The case name and case number shall appear on the face of the certified check or money order.

3. A copy of the certified check or money order and any transmittal letter shall be sent to:

Nancy Tikalsky
Assistant Attorney General
Environmental Bureau
Illinois Attorney General's Office
69 W. Washington Street, Suite 1800
Chicago, Illinois 60602

D. Future Compliance

1. In addition to any other authorities, the Illinois EPA, its employees and representatives, and the Attorney General, his employees and representatives, shall have the right of entry into and upon the Respondent's facility, which is the subject of this Stipulation, at all reasonable times for the purposes of conducting inspections and evaluating compliance status. In conducting such inspections, the Illinois EPA, its employees and representatives, and the Attorney General, his employees and representatives, may take photographs, samples, and collect information, as they deem necessary.

2. This Stipulation in no way affects the responsibilities of the Respondent to comply with any other federal, state or local laws or regulations, including but not limited to the Act and the Board Regulations.

3. The Respondent shall cease and desist from future violations of the Act and Board Regulations that were the subject matter of the Complaint.

E. Release from Liability

In consideration of the Respondent's payment of the \$5,000.00 penalty, its commitment to cease and desist as contained in Section V.D.3 above, and upon the Board's approval of this Stipulation, the Complainant releases, waives and discharges the Respondent from any further liability or penalties for the violations of the Act and Board regulations that were the subject matter of the Complaint herein. The release set forth above does not extend to any matters other than those expressly specified in Complainant's Complaint filed on January 21, 2022.

The Complainant reserves, and this Stipulation is without prejudice to, all rights of the State of Illinois against the Respondent with respect to all other matters, including but not limited to, the following:

- a. criminal liability;
- b. liability for future violation of state, federal, local, and common laws and/or regulations;
- c. liability for natural resources damage arising out of the alleged violations; and
- d. liability or claims based on the Respondent's failure to satisfy the requirements of this Stipulation.

Nothing in this Stipulation is intended as a waiver, discharge, release, or covenant not to sue for any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, which the State of Illinois may have against any person, as defined by Section 3.315 of the Act, 415 ILCS 5/3.315, or entity other than the Respondent.

F. Enforcement of Stipulation

Upon the entry of the Board's Order approving and accepting this Stipulation, that Order is a binding and enforceable order of the Board and may be enforced as such through any and all available means.

G. Execution of Stipulation

The undersigned representatives for the Parties to the Stipulation certify that they are fully authorized by the party whom they represent to enter into the terms and conditions of this Stipulation and to legally bind them to it.

WHEREFORE, the Parties to the Stipulation request that the Board adopt and accept the foregoing Stipulation and Proposal for Settlement as written.
