Dear Mr. Abraham:

The Illinois Environmental Protection Agency ("Illinois EPA") has reviewed your August 30, 2022 request for a provisional variance pursuant to 35 Ill. Adm. Code 722.117(b). Based on this review, a provisional variance for a period of 30-days is **GRANTED** by the Illinois EPA.

The applicable facts of this request are as follows:

1. Unforeseen circumstances that resulted in this request is due to the Heritage East Liverpool, Ohio incinerator being shut down to perform routine maintenance on June 26th 2022.
2. During this shutdown, the facility experienced a non-waste related fire. This led to damage of critical equipment which must be repaired before the incinerator can safely come back online.
3. This extension is due to the incident at the Heritage site in Ohio.

35 Ill. Adm. Code 722.117(b) allows a generator to seek an extension of up to 30 days by means of a provisional variance from the Illinois EPA if hazardous waste must remain on-site for longer than 90 days due to unforeseen, temporary, and uncontrollable circumstances. The Illinois EPA finds that such facts and circumstances exist in this situation and hereby **GRANTS** a provisional variance pursuant to 35 Ill. Adm. Code 722.117(b) for a period of 30 days.

The Illinois EPA grants this provisional variance in accordance with its authority contained in Sections 35(b), 36 (c), and 37(b) of the Illinois Environmental Protection Act (415 ILCS 5/35(b), 36(c), and 37(b)) and 35 Ill. Adm. Code 722.117(b). The decision to grant this provisional variance is not intended to address compliance with any other applicable laws or regulations.

Sincerely,

Charles W. Gunnarson

Re: Request for Extension of 270-Day Hazardous Waste Accumulation Time

To Whom It May Concern:

As specified at 35 Illinois Administrative Code 722.116(d), the purpose of this letter is to request an additional 30 days for accumulation of hazardous waste at the Bombardier Learjet facility in Des Plaines, IL (EPA ID # ILR 000 137 406). Additional time is requested because shipment to our preferred disposal facility, Heritage Thermal Services, is delayed due to scheduling and plant availability limitations for their facility in East Liverpool, Ohio.

Thank you for your consideration of this request. If you have any questions or need additional information, please contact Sam Abraham.

Sincerely,

Sam Abraham
