Subject: [External] Public Comment: AS 2021-03: Adjusted Standard for the Waukegan Station.
Date: Monday, February 19, 2024 12:55:19 PM

On behalf of the many present and future citizens of Waukegan and surrounding areas, I am writing to respectfully request that the coal ash ponds AND all other dangerous/potentially dangerous chemicals/compounds be removed from the Waukegan Station site immediately.

This need to be a high priority for environmental and livability issues! No exceptions, please
