**Date:** Tuesday, February 20, 2024 4:34:20 PM

---

I have lived in Waukegan for more than fifty years. I hike in Lake County nature areas, including the Waukegan lakefront. I want to know that the ground water and the water in Lake Michigan is clean and not contaminated.

The industry which pollutes the area around its plant is responsible for the clean-up of that land and should not be given an exception. Please enforce this standard.
