**Date:** Monday, April 8, 2024 11:06:51 AM

---

Hello IL Pollution Control Board,

As a born and raised citizen of Waukegan, IL, I believe that Waukegan residents, and all residents along the beautiful resource that is Lake Michigan, deserve clean water. NRG Energy must take responsibility for their actions in creating ash ponds and invest in cleaning these ash ponds. I believe that this clean up project should be held to the highest possible standards and regulations.

I realize that I am a week behind in submitting my public comment but I hope that it will not go unnoticed. Please do right by Waukegan citizens and push for cleanup.

Thank you and all the work you do.

Best regards,  
Katy Flesher
