BOARD ADOPTS AMENDMENTS TO TITLE 35, SUBTITLE C (TOXICS CONTROL), R88-21 (DOCKET B) AS FINAL

On December 5, 1989 the Board opened Docket B in the R88-21 proceeding for the purpose of allowing further consideration of certain adjuncts to the overall water toxics control regulations as adopted in Docket A (See Board Opinion and Order R88-21 (A), January 25, 1990). On June 21, 1990 the Board adopted the Docket B amendments as final, without change from those amendments as proposed at Second Notice.

The amendments include a dissolved iron standard of 1.0 mg/L for General Use waters contained in Section 302.208, and a dissolved iron standard of 0.3 mg/L for Public and Food Processing Supply water contained in Section 302.304. The amendments also include a new section 304.222, which provides an exception for discharges of total residual chlorine which result from intermittent chlorination.

The Joint Committee on Administrative Rules issued Certificates of No Objection, making no suggestions for changes to the amendments.

Copies of the Final Opinion and Order are available from the Clerk of the Board. Questions may be directed to Michelle Tarallo at (815) 753-0947.

BOARD DELAYS FILING OF SDWA RULES (R88-26)

On May 24, 1990, the Board adopted a final Opinion and Order adopting 35 Ill. Adm. Code 611, rules which are "identical in substance" to USEPA rules implementing the Safe Drinking Water Act (SDWA). The Board indicated that it would not file the rules until June 22, 1990, to allow time for post-adopting review by the agencies involved in the authorization process.

On June 6, 1990, the Agency requested extension of the post-adopting review period through July 25. However, on June 7, the Board extended the time only through July 17, 1990.

Section 7.2(b) of the Act required the Board to adopt "identical in substance" rules within one year after adoption of the first USEPA rule in a "batch period". It is impossible to comply literally with this deadline during adoption of rules reflecting an ongoing USEPA program, such as SDWA, in which the rules date back to 1974. However, the Board regards the June 30, 1989, USEPA filtration and disinfection

rules as being the rulemaking which produced the first major substantive differences between the Illinois and USEPA rules. Therefore, June 29, 1990 is the practical due date of this rulemaking. Accordingly, on June 31, 1990, the Board entered a "reasons for delay" order pursuant to Section 7.2(b) of the Act. The reason for delay is that the Board is awaiting the Agency's final review.

BOARD DISMISSES SDWA UPDATE (R90-4)

On June 21, 1990, the Board dismissed Docket R90-4, which had been reserved for the first update of the Safe Drinking Water Act (SDWA) rules, adopted in R88-26 on May 24, 1990. The SDWA rules are contained in a new 35 Ill. Adm. Code 611.

The update in R90-4 was to have addressed USEPA amendments during the batch period from July 1 through December 31, 1989. USEPA adopted only one amendment during that batch period, on July 17, 1989. This concerned the incorporation by reference of journal articles concerning coliform tests. However, for the reasons discussed on p. 30 of the May 24, 1990, Opinion in R88-26, the Board did not incorporate the journal articles in 35 Ill. Adm. Code 611.102. There was therefore no need to update the references, and no need for Docket R90-4.

As is discussed elsewhere in this issue, there is still a possibility of reconsideration in R88-26. If the journal articles are reconsidered, the July 17, 1989, USEPA amendments will be addressed in R88-26.

Questions should be addressed to Morton Dorothy or Anne Manly at 217/333-5575.

with Colin Thacker and Dr. Gregorio Millan of the Lake County Health Department. They discussed open burning and noise regulations. On June 19th Mr. Dumelle met with Carolyn Hartmann of the U.S. Public Interest Research Group to discuss proposed Clean Air Act bans on chlorofluorocarbons and halons to protect the upper ozone layer.

BOARD AND STAFF ACTIVITIES

On June 15th, Board Member Jacob Dumelle met

ADJUSTED STANDARDS DETERMINATIONS LIST

Pursuant to Section 28.1(d)(3) of the Environmental Protection Act, the Board is publishing in this issue of the Environmental Register a list of all final determinations on adjusted standards made within fiscal year 89/90 (July 1, 1989 to June 30, 1990).
