

ENVIRONMENTAL REGISTER

No. 423

March 13, 1991

FUNDING SHORTAGE REDUCES HEARING SCHEDULING

The Board is presently short of the funds needed to allow it to schedule hearings in all of its approximately 100 pending cases as well as those cases which are yet to be filed before fiscal year 1991 ends on June 30. In an attempt to ameliorate the problem, the Board will again be requesting a non-general revenue fund supplement from the General Assembly that would allow unused appropriations from fiscal year 1990 to be used for hearings this fiscal year. The request was not granted during the Fall and January sessions.

In the meantime, the Board has contacted its hearing officers requesting them to give priority to cases such as permit appeals and variances where failure to hold a hearing and reach a decision would give the petitioner the relief it seeks by operation of the law. In all other types of cases, including administrative citations, adjusted standards and enforcement cases, the Board has asked its hearing officers to defer hearings unless otherwise notified by the Clerk's office. The Board has also requested that the number and length of hearings be kept to a minimum.

The Board will contact its hearing officers to schedule hearings in selected cases this fiscal year as the status of available funds becomes clearer.

PRO BONO LAWYERS AVAILABLE

The Board maintains a list of attorneys who, for no fee, may be willing to represent persons or groups before the Board. The decision to take on a case is up to the attorney and all arrangements are made solely between the attorney and the client. Persons interested in obtaining the list may contact the Clerk's office at 312/814-3620.

Attorneys interested in having their names added to the pro bono list may contact Kathleen Crowley at 312/814-6929.

BOARD ADOPTS UST UPDATE (R90-12)

The Underground Storage Tank (UST) program regulates petroleum and hazardous substances in underground storage tanks. It is mandated by Section 7.2 and 22.4(d) of the Act. It is contained in 35 Ill. Adm. Code 731, which reflects USEPA regulations in 40 CFR 280.

On February 28, 1991, in R90-12, the Board updated the UST rules to include USEPA regulations adopted during the period January 1 through June 30, 1990. The major action during this period was the extension of time for compliance with financial responsibility rules for owners and operators of 13 through 99 USTs.

R90-12 will not address the effects of P.A. 86-1050 and 86-

1484, pending possible revisions to the legislation. The text of the adopted rules will appear in the Illinois Register after March 30, 1991. Questions should be directed to Morton Dorothy at 217/333-5575.

BOARD PROPOSES NEXT UST UPDATE (R91-2)

On February 28, 1991, in R91-2, the Board proposed to update the UST rules to include USEPA regulations adopted between July 1 and December 31, 1990. The major action during this period is the extension of the time for compliance with the financial assurance requirements for owners and operators of fewer than 13 tanks, and for units of local government.

The R91-2 proposal does not address the effects of P.A. 86-1050 and 86-1484, pending possible revisions to that legislation.

The text of the proposal will appear in the Illinois Register after March 30, 1991. To be added to the notice list, contact Morton Dorothy at 217/ 333-5575. Persons who are on the R90-12 notice list are automatically placed on the list for this Docket.

BOARD MODIFIES RCRA DELISTING PROCEDURES (R90-17)

The RCRA hazardous waste program regulates the generation, transportation, treatment, storage and disposal of hazardous waste. Sections 7.2 and 22.4(a) of the Act requires the Board to adopt regulations which are "identical in substance" to USEPA regulations. The Board's RCRA regulations are in 35 Ill. Adm. Code 702 through 705, and 720 through 728. These are derived from USEPA regulations at 40 CFR 260 through 270. This rulemaking concerns 35 Ill. Adm. Code 720 and 721, which are derived from 40 CFR 260 and 261.

On March 1, 1990, USEPA delegated authority to Illinois to "delist" hazardous waste. The Board opened this Docket to make technical changes to the Board's delisting procedures.

On February 28, 1991, in R90-17, the Board modified its delisting procedures to require the use of "adjusted standards" instead of site specific rulemaking for original delistings. "Adjusted standards" are allowed by Section 28.1 of the Act. The procedures are in 35 Ill. Adm. Code 106.Subpart 701 et seq. The "level of justification" for the adjusted standard is the showing which would have to be made to USEPA under 40 CFR 260.

The rules will be filed and will appear in the Illinois Register after March 30, 1991. Questions should be directed to Morton Dorothy at 217/ 333-5575.

BOARD SPLITS DOCKET IN GROUNDWATER QUALITY STANDARDS (R89-14) AND SENDS AGENCY'S NEW PROPOSAL TO FIRST NOTICE UNDER DOCKET B

On February 28, 1991, the Board split the docket in R89-14 (35 Ill. Adm. Code 620) and sent the Illinois Environmental Protection Agency's proposal as filed in its recent comment #47 to First Notice under Docket B. The Board took no substantive position concerning the new proposal but sent it to First Notice to maximize the opportunity for public comment and to assist the most expeditious disposition of this matter. After the Docket B amendments are published in the Illinois Register, comments will be accepted for 45 days.

The Board proposal published in the November 2, 1990 Illinois Register (14 Ill. Reg. 17822, 17862) remains under Docket A and remains active.

Questions concerning this proceeding should be directed to Michelle Dresdow at 815/753-0947.

HEARING SET FOR R89-5, GROUNDWATER PROTECTION

The Economic Impact Study conducted by the Department of Energy and Natural Resources for R89-5, Groundwater Protection: Regulations for Existing and New Activities within Setback Zones and Regulated Recharge Areas (35 Ill. Adm. Code 601, 615, 616 and 617) (Technical Standards), is expected to be filed shortly. Therefore, a combined merit and economic hearing on this proposal has been set for:

WEDNESDAY, APRIL 3, 1991

9:30 A.M.

**ILLINOIS DEPARTMENT OF AGRICULTURE
BUILDING
STATE FAIRGROUNDS**

8TH STREET AND SANGAMON AVENUE GATE 11 SPRINGFIELD, IL

A deadline for submission of testimony, exhibits, and questions prior to hearing has been set for **March 21, 1991**. Persons wishing to participate in the hearings should contact Michelle Dresdow, Hearing Officer, at 815/753-0947 as soon as possible.

BOARD PROPOSES RACT DEFICIENCY RULES (R91-7 & R91-8) FOR FIRST NOTICE AND SCHEDULES HEARINGS

On February 28, 1991, the Board adopted orders sending the two Illinois Environmental Protection Agency (Agency) RACT deficiency proposals (R91-7 and R91-8) to first notice. The two proposals seek to remedy deficiencies in Illinois's air pollution rules requiring the implementation of reasonably available control technology (RACT). The Board noted in the orders that the rules were sent to first notice exactly as proposed by the Agency, and stated that the Board takes no position on the merits of the proposed rules at this time. However, because these rulemakings are on a very tight time schedule as required by the federal Clean Air Act amendments, early first notice publication will speed the disposition of the rulemakings, as well as maximize the opportunity for public comment. The proposed rules will be published shortly in the Illinois Register. Copies of the first notice orders are available from the Clerk's office (312/814-3620).

Additionally, the Board has scheduled two hearings on these proposals. Dates, times, and places are:

Wednesday, April 10, 1991	Monday, April 15, 1991
9:30 a.m.	9:30 a.m.
Room 9-031	2nd Floor Courtroom
State of Illinois Center	City Hall
100 West Randolph Street	2000 Edison
Chicago, Illinois	Granite City, Illinois

Please note that the Chicago hearing is limited to discussion of the proposed amendments to Part 215 and to the proposed addition of Part 218 (Chicago area stationary sources), and that the Granite City hearing is limited to discussion of the proposed amendments to Part 215 and to the proposed addition of Part 219 (Metro-East area stationary sources). Written testimony and any related exhibits must be pre-filed by March 29, 1991. For further information, please contact the hearing officer, Elizabeth Schroer Harvey, at 312/814-6921.

FIRST NOTICE FOR R91-6, PM-10 EMISSION LIMITS

The Board issued for First Notice a proposed rule involving the PM-10 emissions for the portland cement manufacturing plant and quarry operations of Lone Star Industries in Oglesby, LaSalle County. This rulemaking is federally required and will become part of the Illinois State Implementation Plan ("SIP") for PM-10. As only one facility is affected by the proposed amendments to 35 Ill. Adm. Code Parts 211 and 212, the Board also made a determination that no economic impact study ("EclS") would be required. Hearings will be held in this matter in Chicago and Oglesby on April 17 and 19.

Copies of the Opinion and Proposal are available from the Clerk of the Board at 312/814-6926. Questions may be directed to the hearing officer, Margaret Dolan Fliss, at 312/814-6062.

**AS89-3 ADJUSTED STANDARD FROM
35 Ill. Adm. Code 304.105, 302.208**

The Board granted an adjusted standard from Sections 304.105 and 302.208 of the Board's water regulations for the total dissolved solids ("TDS") discharge of The NutraSweet Company and Consumers Illinois Water Company. The facilities are located in University Park, Will County. The discharge is to Deer Creek, which joins Thorne Creek, a tributary of the Little Calumet River. The Board found the adjusted standard would result in negligible environmental impact. Relief was conditioned upon revisions to the Petitioners' NPDES permits.

Copies of the Opinion and Order are available from the Clerk of the Board at 312/814-3620. For further information, call Margaret Dolan Fliss at 312/814-6062.

BOARD AND STAFF ACTIVITIES

Chairman John Marlin spoke at the meeting of the American Public Works Association on February 27 in Addison. Dr. Marlin spoke on regulatory proposals that could affect wastewater treatment facilities. On March 4, Chairman Marlin spoke to University of Illinois students about the structure and function of the Pollution Control Board. The students are enrolled in a multidisciplinary graduate course called Metro Apex which simulates the operations of planning and environmental agencies in a hypothetical county.

Board Member Bill Forcade gave a speech before the Friends of the Chicago River at their conference in Lake Forest on February 9. Mr. Forcade's speech addressed the issue of integrating information and interests when planning projects.

Board Member Ronald C. Flemal attended the "Community Water Fluoridation" conference conducted by the Illinois Department of Public Health and held at Kishwaukee College in Malta on February 21.

WATERWAYS CRUISE

The "Waterways Cruise and Environmental Workshop" will be held on April 27, 1991. Speakers from state and federal agencies, industry and others will discuss progress in pollution abatement and current environmental problems. The 72-mile cruise on Lake Michigan and Chicago waterways will afford views of the Chicago skyline, forest preserves, Water Reclamation District plants, steel mills and other industries. The cost is \$45 and for full-time students, \$35. Send checks to Eileen Johnston, 505 Maple Ave., Wilmette, Illinois 60091, 708/251-4386.

WORKING TOGETHER TO MANAGE WASTE

The twenty-second annual "Working Together to Manage Waste" conference will be held on May 7 and 8, 1991 at the Bismark Hotel in Chicago. Co-sponsors are the Illinois Environmental Protection Agency, the Pollution Control Board, the Department of Energy and Natural Resources and some industries.

Speakers from state and federal agencies, industry, research, and other areas will attend. Topics to be covered include incineration systems, waste reduction and

minimization, landfill capacity, new technologies for dealing with hazardous waste, new legislation, and regulations on RCRA, Superfund and UST. For program and registration write to Eileen L. Johnston, 505 Maple Ave., Wilmette, IL 60091. 708/251-4386.

Annual tour-day of area facilities will be on May 9.

FINAL ACTIONS - FEBRUARY 28, 1991 BOARD MEETING*

- PCB 88-195 McLean County Disposal Service, Inc. v. IEPA - The Board dismissed the permit appeal and closed the docket after petitioner failed to submit a status report regarding its McLean County facility as ordered by the Board on January 10, 1991.
- PCB 89-151 Brian J. Peter v. Geneva Meat and Fish Market, et al. - The Board denied respondent's motion for reconsideration and found respondent had violated the Board's noise pollution regulations at its Kane County facility. Respondent was ordered to pay a civil penalty of \$1,000 and the docket was closed.
- PCB 90-12 People of the State of Illinois v. Hysan Corp., an Illinois corporation - The Board accepted the Stipulation and Settlement Agreement in which respondent neither admitted nor denied violations of the Act and Board air regulations but agreed to pay a penalty of \$10,000 concerning its Cook County facility. Board Member J. Theodore Meyer dissented.
- PCB 90-46 Rockford Drop Forge Company v. IEPA - The Board upheld its decision of December 20, 1990 which affirmed the Agency's decision denying petitioner's application for reimbursement from the Underground Storage Tank Fund for corrective action concerning its Winnebago County facility.
- PCB 90-66 People of the State of Illinois v. Robinson Farm Services, Inc., an Illinois corporation - The Board accepted the Stipulation and Settlement Agreement in which respondent admitted to violations of the Act and Board air regulations, agreed to pay a civil penalty of \$1,500 and to cease and desist from the alleged violations concerning its Henry County facility. Board Member J. Theodore Meyer dissented.
- PCB 90-138 Envotech-Illinois, Inc. v. IEPA - This matter was dismissed on petitioner's motion.
- PCB 90-179 ACME Finishing Company, Inc. v. IEPA - This matter was dismissed on petitioner's motion.
- PCB 90-180 People of the State of Illinois v. Container Corp. of America, a Delaware corporation - The Board accepted the Stipulation and Settlement Agreement in which respondent denies violating the Act and the Board's air regulations at its DuPage County facility but agreed to achieve compliance by March 29, 1991, and to make a payment of \$12,000. Board Member J. Theodore Meyer dissented.
- PCB 90-199 Department of the Army v. IEPA - The Board accepted the Agency Recommendation and granted petitioner variance, with conditions, from the Board's water quality regulations concerning chemical constituents and additional contaminants for its St. Clair/Madison county facility.
- PCB 90-216 Clean Quality Resources, Inc. v. Marion County Board - The Board remanded the matter to the respondent for clarification of its vote denying petitioner's request for site location suitability approval in Marion County.
- PCB 91-35 Wisconsin Steel Trust v. IEPA - The Board accepted the Agency Recommendation and granted petitioner provisional variance from the Board's waste disposal regulations relating to 90-day on-site limitations for hazardous wastes at its Cook County facility.
- PCB 91-36 Shell Oil Company v. IEPA - The Board accepted the Agency Recommendation and granted petitioner provisional variance from the Board's waste disposal regulations relating to 90-day on-site limitations for hazardous wastes at its Cook County facility.
- PCB 91-37 Maxwell Communications Corp. v. IEPA - The Board accepted the Agency Recommendation and granted petitioner provisional variance from the Board's waste disposal regulations relating to 90-day on-site limitations for hazardous wastes at its Cook County facility.
- AC 89-258 County of Jackson v. Donald Taylor - The Board ordered respondent to pay \$682.96 for deposit into the General Revenue fund as assessed hearing costs in this matter and closed the docket. J. Theodore Meyer dissented.
- AC 89-289
AC 89-290
consolidated IEPA v. James Gilmer and IEPA v. Archer-Daniels-Midland - The Board ordered respondent to pay \$1,160.60 for deposit into the General Revenue Fund as assessed hearing costs in this matter and closed the docket. Board Member J. Theodore Meyer dissented.
- AC 90-42
(B) IEPA v. Robert Wheeler, d/b/a Wheeler Trucking - The Board ordered respondent to pay \$1,129.20 for deposit into the General Revenue Fund as assessed hearing costs in this matter and closed the docket. Board Member J. Theodore Meyer dissented.

- AC 90-72 IEPA v. Johnson Blackwell - This matter was dismissed on the Agency's motion.
- R 90-12 In the Matter of: UST Update: USEPA Regulations (January 1, 1990 through June 30, 1990) - This adopted rulemaking updates Illinois' UST rules to correspond with USEPA actions during the period January 1 through June 30, 1990. The Part affected are 35 Ill. Adm. Code 731.
- R 90-17 In the Matter of: RCRA Delistings - This adopted rulemaking makes technical changes to the Board's hazardous waste delisting procedures in response to USEPA's delegation of delisting authority at 55 Fed. Reg. 7320, March 1, 1990. Parts affected are 35 Ill. Adm. Code 720 and 721.
- R91-4 In the Matter of: UIC Update, USEPA Regulations (September 1, 1990 through December 31, 1990) - This matter was dismissed because there were no USEPA rules adopted during the time period from September 1, 1990 through December 31, 1990.

* The Board is now including regulatory Final Orders in its Final Actions list.

NEW CASES - FEBRUARY 28, 1991 BOARD MEETING

- PCB 91-29 Commonwealth Edison Company v. IEPA - Petitioner seeks a variance from the Board's water regulations concerning its Will County facility. Held for Agency Recommendation.
- PCB 91-30 Susan A. Curtis and Marcy Diesing v. Material Service - Complainant alleges violations of the Act and Board Noise Pollution regulations at respondent's McHenry County facility. Held for duplicitous and frivolous determination.
- PCB 91-31 Rockford Products Corporation v. IEPA - Petitioner seeks review of its RCRA closure plan permit conditions for hazardous waste storage at its Winnebago County facility. Set for hearing.
- PCB 91-32 Village of Carbon Hill v. IEPA - Petitioner seeks variance from the Board's public water supply regulations relating to Standards for Issuance, Restricted Status, and Radium concerning its Grundy County facility. Additional information requested.
- PCB 91-33 Village of Milan v. IEPA - Petitioner seeks variance from the Board's public water supply regulations relating to Standards for Issuance, Restricted Status and Radium concerning its Rock Island County facility. Additional information requested.
- PCB 91-34 City of DeKalb v. IEPA - Petitioner seeks variance from the Board's public water supply regulations relating to Standards for Issuance, Restricted Status and Radium concerning its DeKalb County facility. Held for Agency Recommendation.
- PCB 91-35 Wisconsin Steel Trust v. IEPA - See Final Actions.
- PCB 91-36 Shell Oil Company v. IEPA - See Final Actions.
- PCB 91-37 Maxwell Communications Corporation v. IEPA - See Final Actions.

CALENDAR

- March 14** **Pollution Control Board Meeting, State of Illinois Center, 100 W. Randolph St., Conference Room 9-040, Chicago.**

Availability of Landfill Regulations Information Diskette

The Board regulations for the design and operation of nonhazardous waste landfills were filed and effective on September 18, 1990. Based on the interest shown by participants at the IEPA held workshops on December 6, 1990 and December 12, 1990 and calls received to date regarding these regulations, several documents have been compiled in a set of diskettes. The compilation includes the Board's Opinions and Orders in the R88-7 and the predecessor R84-17D dockets (approximately 850 pages) and the supporting background document and detailed responses to comments of the Scientific/ Technical Section (approximately 775 pages). In addition, the compilation contains executive summaries and an overview of the Board's functions and operations. The diskettes totalling over 1600 pages have been put together using Wordperfect 5.0 word processing software. The diskettes, available in either 5.25" or 3.5" size, can be purchased from the Illinois Pollution Control Board for \$100 per set. Please use the form below to speed your request. Diskettes will be sent by First Class mail.

-----CUT HERE-----

Requests with payments of \$100 for each set of diskettes ordered made payable to "Illinois Pollution Control Board" should be sent to:

Joe D'Alessandro, Fiscal Officer
Illinois Pollution Control Board
State of Illinois Center
Suite 11-500
100 West Randolph Street
Chicago, IL 60601
