

ILLINOIS POLLUTION CONTROL BOARD
October 30, 1980

TAZEWELL COUNTY HEALTH DEPARTMENT, et al.,)
)
) Petitioner,)
)
) v.) PCB 80-157
)
) ILLINOIS ENVIRONMENTAL PROTECTION AGENCY,)
)
) Respondent.)

ORDER OF THE BOARD (by J. Anderson):

Amendments to this variance petition were received October 17, 1980. This petition, even with the amendments, still fails to provide much of the information required by Procedural Rule 401. Since hearing was waived, it is most important that the petition contain sufficient information. Specifically, the Board requires at least the following information:

1. Details concerning the health threats and other results of the homeowners' seriously "malfunctioning private sewer systems,"
2. A description of these private systems,
3. An explanation of what alternatives, if any, there are to connection of these homes to the Highview Estates treatment plant, and an estimate of the costs involved, and
4. An estimated timetable for initiation and completion of necessary expansion and upgrading of the Highview Estates treatment plant, and an estimate of the costs to the plant and the homeowners.

If, within 45 days of the date of this Order, Petitioners do not file an amended petition containing the requested information, this petition may be subject to dismissal. The amended petition must be accompanied by an affidavit verifying the truth of the matters alleged in the petition.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 30th day of October, 1980 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
