October 7, 1993

IN THE MATTER OF:)
)
PETITION OF ILLINOIS POWER) AS 92-7
COMPANY (VERMILION POWER STATION)) (Adjusted Standard)
FOR ADJUSTED STANDARDS FROM 35)
ILL. ADM. CODE 302.208(e))

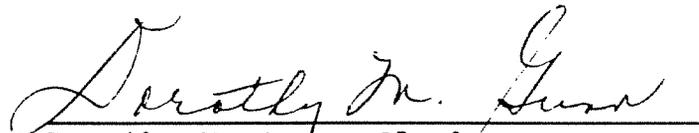

CONCURRING OPINION (by M. Nardulli)

I respectfully concur with the majority's opinion. I believe that Illinois Power has not met its burden of proof in this proceeding and I support the denial of the adjusted standard. However, I believe that the majority's opinion unwisely emphasizes possible future uses and Federal anti-degradation requirements. I believe that emphasis detracts from the well-founded conclusion that Illinois Power has not offered adequate proof under Section 28.1 of the Act.

Michael L. Nardulli

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above concurring opinion was submitted on the 13th day of October, 1993.

Dorothy M. Gunn, Clerk
