FOR AN ADJUSTED STANDARD FROM)
35 ILL. ADM. CODE 302.201 and)

ORDER OF THE BOARD (by R.C. Flemal):

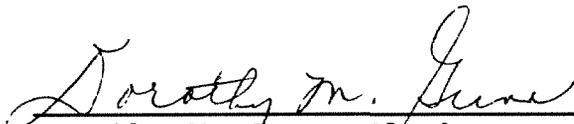

On February 18, 1994, Rhone-Poulenc Basic Chemicals Company (Rhone-Poulenc) and the Thorn Creek Basin Sanitary District (District) filed a petition for adjusted standard. On March 21, 1994 the Illinois Environmental Protection Agency (Agency) filed its response to the adjusted standard petition. On April 11, 1994 Rhone-Poulenc filed a motion for leave to file a reply to the Agency's response. Rhone-Poulenc observes that the Board's procedural rules at 35 Ill. Adm. Code 106 do not specifically provide for the filing of replies to Agency responses.

Rhone-Poulenc states that it had not anticipated the Agency's recommended imposition of load limits on Rhone-Poulenc's discharge to the District. The parties have since had conversations over that issue and believe that the issue is now resolved. Rhone-Poulenc states that allowing reply to the Agency's response will aid the Board in its deliberation of this matter by presenting petitioner's position on the Agency's recommended conditions.

The motion for leave to file a reply to the Agency's response is hereby granted.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 21st day of April, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
