ORDER OF THE BOARD (by B. Forcade):

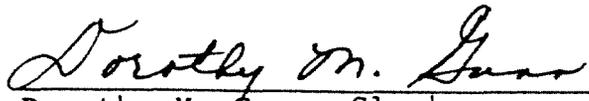

On April 4, 1988, Sonoco Products Company filed a petition for variance. That petition is deficient in that it fails:

To provide a detailed description of the existing and proposed equipment or proposed method of control to be undertaken to achieve full compliance with the Act and regulations, including a time schedule for the implementation of all phases of the control program from initiation of design to program completion and the estimated costs involved for each phase and the total cost to achieve compliance, as required by 35 Ill. Adm. Code 104.121(f).

The intention to file a future request for site-specific relief does not constitute an adequate compliance plan. Unless an amended petition is filed within 45 days of the date of this Order, curing the above-noted defect, this matter will be subject to dismissal.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 7th day of April, 1988, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
