

ILLINOIS POLLUTION CONTROL BOARD
November 12, 1982

NOISE LIMITATIONS FOR)
INDIVIDUAL FORGING SHOPS) R82-31

ORDER OF THE BOARD (by I. G. Goodman):

This regulatory proceeding is hereby established to consider the site-specific noise limitations petitions before the Board pursuant to newly adopted Rule 206(d) of Chapter 8: Noise Pollution. In its adopting Opinion (R77-14: Forging Noise, July 21, 1982) the Board stated that such petitions would be consolidated under one regulatory proceeding for purposes of hearing and Economic Impact Study.

Three such petitions were received by the Board on November 3, 1982. For procedural simplicity, each, as well as any other petitions filed subsequently, shall be assigned a docket. Dockets A-C are as follows:

Docket A: Amforge Division of Rockwell International
Docket B: Modern Drop Forge Company
Docket C: Wyman-Gordon Company

The forging shops have fifteen months from the time Rule 206(d) was effective, that is until December 1, 1983, to file such petitions. No hearings will be held until the time for filing has expired.

The record in R76-14 is hereby incorporated into this record.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 12th day of November, 1982 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
