INTERIM ORDER OF THE BOARD (by Mr. Zeitlin):

On April 4, 1975 this Board entered an Interim Order finding that the Petition in this matter, filed March 28, 1975, was inadequate. The Board there ordered Petitioner Amco Engineering to return with information required under Board Procedural Rules 401 (a)(iii), (iv), and (v).

On May 16, 1975, Petitioner submitted to the Board an Amended Petition for Variance. The Board however entered another Interim Order requiring that Petitioner submit additional information, and file a second Amended Petition, to meet the requirements of the recent decision of Train v. Natural Resources Defense Council, 43 U.S.L.W. 4467 (U.S., April 16, 1975).

On May 22, 1975, the Environmental Protection Agency filed an objection to the Petition for Variance herein, with a Motion for Hearing. Also, the Board on May 30, 1975, received citizen objections with regard to the Variance requested by Amco. Insofar as the Board has again found the Petition for Variance in this matter insufficient, the Board will not at this time consider either the Agency's objection or that filed by the citizens. Instead, should Petitioner timely file the information required and it is determined by the Board to be adequate under the May 29, 1975, Interim Order, the Board will at that time consider the merits of those objections, and the Agency's Motion for Hearing.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board hereby certify that the above Interim Order was adopted on the 6th day of June, 1975 by a vote of 5 to 0.

Christan L. Moffett, Clerk
ILLINOIS POLLUTION CONTROL BOARD
