IN THE MATTER OF:)
) R 73-9
PROPOSED REGULATIONS REGARDING)
COMPLEX SOURCES OF AIR POLLUTION)

ORDER OF THE BOARD (by Mr. Seaman):

On December 19, 1973, the last of a series of six public hearings regarding Complex Sources of Air Pollution (R 73-9) was held at the Metropolitan Sanitary District Building in Chicago, Illinois. At the conclusion of that hearing, Mr. Seaman, Participating Member of the Board, ordered that the record remain open for a period of thirty days for reception of comments thereon.

Subsequently, the Institute For Environmental Quality was requested to submit to the Board a study of the probable state-wide economic impact which may be expected should the Board adopt the proposed amendments in their current form.

Inasmuch as the Board's decision will await the Institute report, and as the Board is interested in receiving as much citizen comment as possible, it is hereby ordered that the record in R 73-9 shall be held open until April 30, 1974.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted on this 11th day of January, 1974 by a vote of

5-0.
