Granville/D.C. Enterprises**

NARRATIVE INSPECTION REPORT

On September 24, 2002, I (Kaare Jacobsen) conducted a re-inspection at D.C. Enterprises in Granville, Illinois. The purpose of the inspection was to determine if the facility completed the removal of the solid waste and used/waste tires from the premises. The above referenced facility is located at 610 North School Street in Granville, Illinois. Agency correspondence should be addressed to the owner/operator, Dan Cadwallader at P.O. Box 186 in Granville, Illinois. A previous solid waste inspection was conducted on May 15, 2002.

This facility was previously owned by Jennifer Young. When her husband Robert passed away, the property was left to her. In early spring of 2001, Mr. Cadwallader was operating the facility without being the legal titleholder of the property. Mr. Cadwallader was taking in numerous types of salvageable metal onto the property, over a vast period of time. In the summer of 2001, the facility was still under the ownership of Jennifer Young. She left the removal of the solid waste on the premises up to Mr. Cadwallader. Numerous, re-inspections took place between the summer of 2001 and 2002. During this time, little movement of the solid was done at the salvage yard. On the 15th of June, Mr. Cadwallader stated that he is sole proprietor of the property, located at 610 North School Street in Granville, Illinois. Further correspondence should be addressed to Mr. Cadwallader.

Upon arrival at 9:31 a.m., I introduced myself to the owner/operator of the property, Dan Cadwallader. The inspection began by taking a tour and taking photographs throughout the facility. Photographs 1550050004~071502-001 through 019 show that some progress has been made on the removal of the solid waste and used/waste tires. However, scrap metal is still being accepted on the north side of the facility.

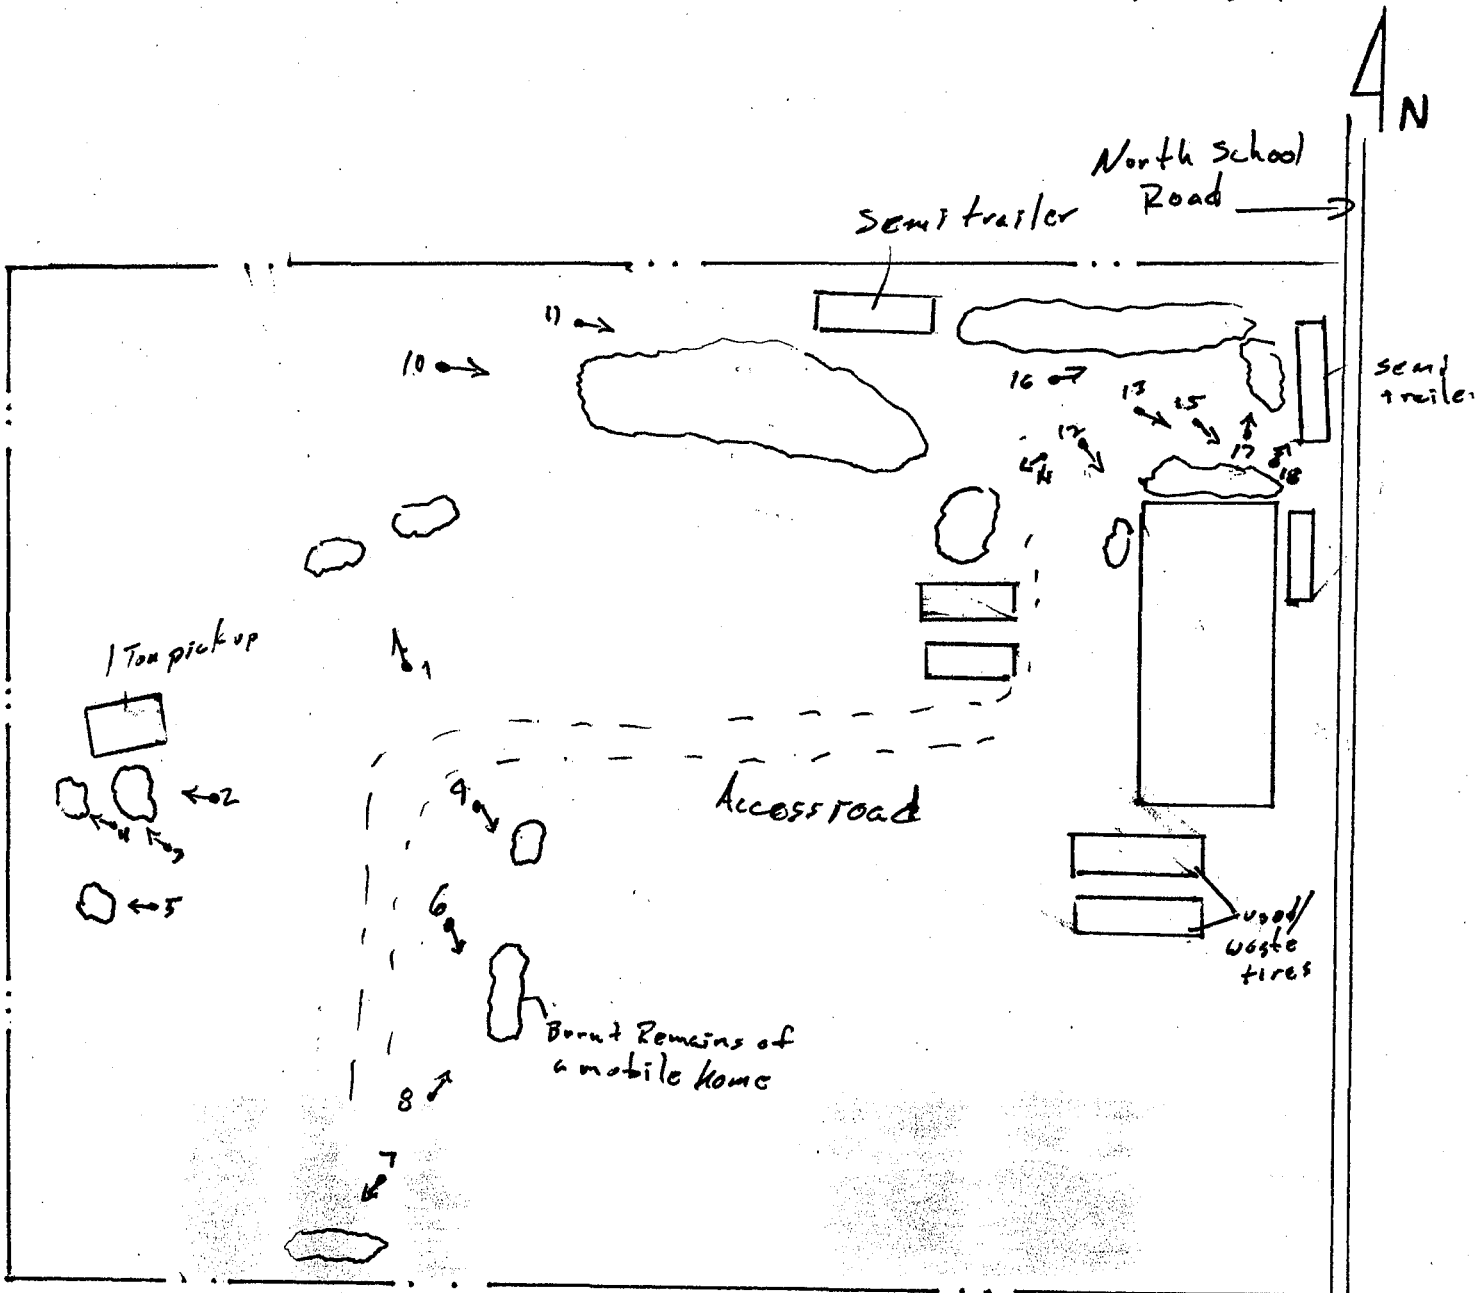

During the inspection, Mr. Cadwallader stated that a semi trailer (located on the south central part of the premises) caught on fire. No one was present when this event happened.

Mr. Cadwallader was briefed on the findings during the course of the inspection. Mr. Cadwallader was informed, that an Administrative Citation will be addressed concerning the solid waste and the used/waste tires on the premises. The inspection concluded at 9:51 a.m. The following apparent violations were still present from the previous inspection: 21(a), 21(d)(1), 21(d)(2), 21(e), 21(p)(1) and 55(a) of the Environmental Protection Act and 812.101(a), 722.111 and 808.121 of the Illinois Administrative Code.
