JURISDICTION

This Administrative Citation is issued pursuant to authority vested in the Illinois Environmental Protection Agency by 415 ILCS 5/1 *et. seq.* (2006), specifically 415 ILCS 5/31.1.

FACTS

1. The Respondent, Lester Johnson, is the present owner and in control and possession of a facility located in the County of Jackson, State of Illinois.
2. The respondent, Arthur Cross, is the occupant and in control and possession of a facility located in the County of Jackson, State of Illinois.
3. The facility is an open dump, operating without an Illinois Environmental Protection Agency Operating Permit, and designated with the Site Code # 0778145021. The facility is known to the Agency as the Murphysboro/Lester Johnson site.
4. The Respondents have owned, occupied, controlled and/or operated the facility at all relevant times hereto.

5. On June 5, 2008, Don Terry, Field Inspector, Jackson County Health Department, inspected the facility. A true and correct copy of the inspection report, along with Mr. Terry's affidavit, are attached and incorporated herein by reference as Exhibit A.

VIOLATIONS

On the basis of Field Inspector, Don Terry's, direct observation, he has determined that the Respondents have caused or allowed open dumping at the above described facility in a manner that resulted in the following violations:

That on June 5, 2008, an on-site inspection of the facility disclosed the following:

1. The Respondents have caused or allowed litter at the facility in violation of 415 ILCS 5/21(p)(1).
2. The Respondents have caused or allowed open burning at the facility in violation of 415 ILCS 5/21(p)(3).
3. The Respondents have caused or allowed the deposition of waste in standing or flowing waters in violation of 415 ILCS 5/21(p)(4).
4. The Respondents have caused or allowed the deposition of general construction or demolition; or clean construction or demolition debris in violation of 415 ILCS 5/21(p)(7).

CIVIL PENALTY

Pursuant to Section 42(b)(4-5) of the Act, 415 ILCS 5/42(b)(4-5) (2006), Respondents are subject to a civil penalty of One Thousand Five Hundred Dollars (\$1,500.00) for each of the violations identified above, for a total of Six Thousand Dollars (\$6,000.00). If Respondents elect not to petition the Illinois Pollution Control Board, the statutory civil penalty specified above shall be due and payable no later than August 15, 2008, unless otherwise provided by

order of the Illinois Pollution Control Board.

If Respondents elect to contest this Administrative Citation by petitioning the Illinois Pollution Control Board in accordance with Section 31.1 of the Act, 415 ILCS 5/31.1 (2006), and if the Illinois Pollution Control Board issues a finding of violation as alleged herein, after an adjudicatory hearing, Respondents shall be assessed the associated hearing costs incurred by the Illinois Environmental Protection Agency and the Illinois Pollution Control Board. Those hearing costs shall be assessed in addition to the Fifteen Hundred Dollars (\$1,500.00) statutory civil penalty for each violation.

Pursuant to Section 31.1(d)(1) of the Act, 415 ILCS 5/31.1(d)(1) (2006), if Respondents fail to petition or elect not to petition the Illinois Pollution Control Board for review of this Administrative Citation within thirty-five (35) days of the date of service, the Illinois Pollution Control Board shall adopt a final order, which shall include this Administrative Citation and findings of violation as alleged herein, and shall impose the statutory civil penalty specified above.

When payment is made, checks shall be made payable in equal amounts (50% of total penalty each) to:

(1) County of Jackson, c/o Jackson County Treasurer, Jackson County Courthouse, Murphysboro, Illinois 62966; and

(2) Illinois Environmental Protection Trust Fund and mailed to the attention of Fiscal Services, Illinois Environmental Protection Agency, 1021 North Grand Avenue East, P.O. Box 19276, Springfield, Illinois 62794-9276.

Respondents shall complete and return the enclosed Remittance Forms with payments to ensure proper documentation of payment.

If any civil penalty and/or hearing costs are not paid within the time prescribed by order of the Illinois Pollution Control Board, interest on said penalty and/or hearing costs shall be assessed against the Respondents from the date payment is due up to and including the date that payment is received. The Complainant may either initiate proceedings against Respondents in Circuit Court or other debt collection actions to collect said penalty and/or hearing costs, plus any interest accrued.

PROCEDURE FOR CONTESTING ADMINISTRATIVE CITATION

You have the right to contest this Citation, pursuant to 415 ILCS 5/31.1. If you elect to contest this Citation, you must file a Petition For Review with the Clerk of the Illinois Pollution Control Board. A copy of the Petition For Review shall be filed with Daniel Brenner, Assistant State's Attorney, Jackson County Courthouse, Third Floor, Murphysboro, Il 62966. **YOUR PETITION FOR REVIEW MUST BE FILED WITHIN 35 DAYS OF THE DATE OF SERVICE OF THE PRESENT CITATION ON YOU. IF YOU FAIL TO FILE YOUR PETITION, A DEFAULT ORDER AGAINST YOU WILL BE ENTERED BY THE POLLUTION CONTROL BOARD.**

GENERAL REMARKS

During the stated date and time, I conducted an inspection of the site listed above. This inspection was made as a follow up to a complaint received by this office which stated that a double wide mobile home had been torn down and burned at the site with a bulldozer having been used in the process. Weather conditions at the time of the inspection were: cloudy with moderate winds and a temperature of approximately 80°F. I was accompanied on this inspection by Steve Williams of the Jackson County Health Department.

According to the Jackson County Assessor's Office, the site is owned by Lester Johnson.

I arrived at the site and from Town Creek Road, a public roadway, observed two mobile home frames to the south (**Photo #1, Site Sketch-Area B**), and a cleared area where I observed a bulldozer and what appeared to be general construction or demolition debris lying on the ground (**Photo #2, Site Sketch-Area A**). I drove onto the site and from a location on the driveway, I observed the cleared area I had observed from the road. From my current location I observed general construction or demolition debris open dumped on the ground as well as the bulldozer described by the complainant (**Photo #3, Site Sketch-Area A**). Later, after the inspection, Mr. Williams told me that he had been to this site on April 1, 2008 to perform a private sewage system inspection and on that date, he observed a double wide mobile home at the site, located in the general location marked "X" on the site sketch.

At this point I drove to the Cross residence. I observed a large dog near the porch of the residence, so I remained in the vehicle and honked the horn several times. No one responded, so I drove south on the driveway to Mr. Johnson's residence. I honked the horn of the vehicle several times, again with no response. I then drove back to the area where the bulldozer was parked to begin my inspection.

I left my vehicle and walked east in the area marked "Area A" on the site sketch. My first observation was that the soil had been recently disturbed in this area (**Photos #4 - #8, #11 & #13, Site Sketch-Area A**). I also observed open dumped waste in this area that included, but was not limited to: ash, dimensional lumber, scrap metal, coated electrical wire, broken concrete, plywood, fiberglass insulation, cloth, a metal barrel, plastic items, metal pipe and rail road ties (**Photos #3 - #11 & #13, Site Sketch-Area A**).

Several observations led this inspector to conclude that waste was not only burned at this location but was also buried on site. First, the following observations led me to conclude that waste had been burned at this site: 1) I observed ash and charred dimensional lumber scattered about in the area labeled "A" on the site sketch (**Photos #6 - #8 & #10, Site Sketch-Area A**) and 2) I observed leaves of several trees in the approximate center of the area labeled "A" on the site sketch were dead as if they had been subjected to some type of stress, such as high temperatures (**Photos #3 & #12, Site Sketch-Area A**) and 3) I observed that limbs and bark on these trees appeared darkened, as if they had been charred or coated with ash and or soot. I observed that only a limited number of branches of a few trees had dying leaves, while the rest of the branches on those same trees as well as surrounding trees showed no signs of leaf death.

Second, the following observations led me to conclude that waste had been buried at this site: 1) I observed that the soil in the entire area labeled "A" on the site sketch had been disturbed (**Photos #3 - #8, #11 & #13, Site Sketch-Area A**), 2) I observed partially buried waste in several locations in the area labeled "A" on the site sketch (**Photos #4 - #8, #11 & #13, Site Sketch-Area A**), 3) I observed an area where a trench had been dug and waste had been placed into the trench which was then partially covered with soil (**Photos #4 & #11, Site Sketch-Area A**) and 4) the area directly in front of the bulldozer appeared to have been dug out and waste in that area was partially covered with soil (**Photo #3, Site Sketch-Area A**).

I then proceeded to a location on the north side of Town Creek and in an area labeled "B" on the site sketch, I observed two mobile home frames, scrap metal, dimensional lumber and other waste not readily identifiable open dumped (**Photos #14 & #15, Site Sketch-Area B**). The material in this area was not in use, not usable in its current condition and was not being stored for future use. This material was also being stored in an unsightly manner.

I then observed to my north, waste that had been open dumped into Town Creek (**Photo #16, Site Sketch-Area A**). The waste in this area consisted of, but was not limited to: carpeting, plywood and dimensional lumber. This waste had been open dumped into flowing waters of the State.

Most of the open dumped waste I observed at this site appeared to be general construction or demolition debris, which would seem to verify the complainant's description that a mobile home had been demolished and burned at this location. Also, at no time during this inspection did I observe any vehicle or roll-off box that held or could have held and transported general demolition materials from the tearing down of the mobile home at this site to a permitted disposal site.

My inspection ended at approximately 9:55 a.m.

The total volume of un-buried, observed waste at this site was approximately 20 cubic yards.

Violations Observed:

Item #1(9)(a): Cause, threaten or allow air pollution in Illinois; Item #2(9)(c): Cause or allow open burning; Item #8(21)(p)(3): Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (3) Open Burning: During the inspection evidence of the open dumping of waste that resulted in open burning and which caused, threatened or allowed air pollution in Illinois was observed.

Item #3(12)(a): Cause, threaten or allow water pollution in Illinois; Item #4(12)(d): Create a water pollution hazard; Item #8(21)(p)(4): Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (4) Deposition of waste in standing or flowing waters: During the inspection, the open dumping of waste that resulted in the deposition of waste in standing or flowing waters and which caused, threatened or allowed water pollution in Illinois was observed.

Item #5(21)(a): Cause or allow open dumping; Item #8(21)(p)(1 and 7): Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (1) Litter and (7) Deposition of general construction or demolition debris; or clean construction or demolition debris: During the inspection, the open dumping of waste that resulted in litter and the deposition of general construction or demolition debris was observed.
