JURISDICTION

This Administrative Citation is issued pursuant to authority vested in the Illinois Environmental Protection Agency by 415 ILCS 5/1 *et. seq.* (2006), specifically 415 ILCS 5/31.1.

FACTS

1. The Respondent, Alvin Valdez, is the present owner and occupant and in control and possession of a facility located in the County of Jackson, State of Illinois.

2. The Respondent, Ruben J. Valdez, upon information and belief, is Alvin Valdez's father and is in control and possession and an occupant of a facility located in the County of Jackson, Illinois.

3. The facility is an open dump, operating without an Illinois Environmental Protection Agency Operating Permit, and designated with the Site Code # 0778035022. The facility is known to the Agency as the DeSoto/Alvin Valdez site.

4. The Respondents have owned, occupied, controlled and/or operated the facility at all relevant times hereto.

5. On June 25, 2008, Don Terry, Field Inspector, Jackson County Health Department, inspected the facility. A true and correct copy of the inspection report, along with Mr. Terry's affidavit, are attached and incorporated herein by reference as Exhibit A.

VIOLATIONS

On the basis of Field Inspector, Don Terry's, direct observation, he has determined that the Respondents have caused or allowed open dumping at the above described facility in a manner that resulted in the following violations:

That on June 25, 2008, an on-site inspection of the facility disclosed the following:

1. The Respondents have caused or allowed litter at the facility in violation of 415 ILCS 5/21(p)(1).

2. The Respondents have caused or allowed the deposition of general construction or demolition; or clean construction or demolition debris in violation of 415 ILCS 5/21(p)(7).

CIVIL PENALTY

Pursuant to Section 42(b)(4-5) of the Act, 415 ILCS 5/42(b)(4-5) (2006), Respondents are subject to a civil penalty of One Thousand Five Hundred Dollars (\$1,500.00) for each of the violations identified above, for a total of Three Thousand Dollars (\$3,000.00). If Respondents elect not to petition the Illinois Pollution Control Board, the statutory civil penalty specified above shall be due and payable no later than September 1, 2008, unless otherwise provided by order of the Illinois Pollution Control Board.

If Respondents elect to contest this Administrative Citation by petitioning the Illinois Pollution Control Board in accordance with Section 31.1 of the Act, 415 ILCS 5/31.1 (2006), and if the Illinois Pollution Control Board issues a finding of violation as alleged herein, after an adjudicatory hearing, Respondents shall be assessed the associated hearing costs

incurred by the Illinois Environmental Protection Agency and the Illinois Pollution Control Board. Those hearing costs shall be assessed in addition to the Fifteen Hundred Dollars (\$1,500.00) statutory civil penalty for each violation.

Pursuant to Section 31.1(d)(1) of the Act, 415 ILCS 5/31.1(d)(1) (2006), if Respondents fail to petition or elect not to petition the Illinois Pollution Control Board for review of this Administrative Citation within thirty-five (35) days of the date of service, the Illinois Pollution Control Board shall adopt a final order, which shall include this Administrative Citation and findings of violation as alleged herein, and shall impose the statutory civil penalty specified above.

When payment is made, checks shall be made payable in equal amounts (50% of total penalty each) to:

(1) County of Jackson, c/o Jackson County Treasurer, Jackson County Courthouse, Murphysboro, Illinois 62966; and

(2) Illinois Environmental Protection Trust Fund and mailed to the attention of Fiscal Services, Illinois Environmental Protection Agency, 1021 North Grand Avenue East, P.O. Box 19276, Springfield, Illinois 62794-9276.

Respondents shall complete and return the enclosed Remittance Forms with payments to ensure proper documentation of payment.

If any civil penalty and/or hearing costs are not paid within the time prescribed by order of the Illinois Pollution Control Board, interest on said penalty and/or hearing costs shall be assessed against the Respondents from the date payment is due up to and including the date that payment is received. The Complainant may either initiate proceedings against

Respondents in Circuit Court or other debt collection actions to collect said penalty and/or hearing costs, plus any interest accrued.

PROCEDURE FOR CONTESTING ADMINISTRATIVE CITATION

You have the right to contest this Citation, pursuant to 415 ILCS 5/31.1. If you elect to contest this Citation, you must file a Petition For Review with the Clerk of the Illinois Pollution Control Board. A copy of the Petition For Review shall be filed with Daniel Brenner, Assistant State's Attorney, Jackson County Courthouse, Third Floor, Murphysboro, Il 62966. **YOUR PETITION FOR REVIEW MUST BE FILED WITHIN 35 DAYS OF THE DATE OF SERVICE OF THE PRESENT CITATION ON YOU. IF YOU FAIL TO FILE YOUR PETITION, A DEFAULT ORDER AGAINST YOU WILL BE ENTERED BY THE POLLUTION CONTROL BOARD.**

Your original Petition must be filed with the Clerk of the Board at:

GENERAL REMARKS

During the stated date and time, I conducted an inspection of the site listed above. This inspection was made as a follow up to an inspection conducted on January 9, 2007 during which open dumping violations were observed. Weather conditions at the time of the inspection were: partly cloudy with moderate southwest winds and a temperature of approximately 93°F. I was accompanied on this inspection by Bart Hagston of the Jackson County Health Department.

According to the Jackson County Assessor's Office, the site is owned by Alvin Valdez. Also, on January 31, 2006 this inspector and Bart Hagston of the Jackson County Health Department met at the site with site's operator, Mr. Reuben Valdez (father of site owner, Alvin Valdez) to discuss ways to bring the site into compliance. During this field visit, Mr. Valdez was asked if he or his son were operating an automobile parts or automobile salvage business given the large number of vehicles at the site. Mr. Valdez said that they were not operating any automobile business and all of the vehicles were for their personal use. He also said that he had brought some of the vehicles to Illinois from North Dakota.

I arrived at the site and exited my vehicle. I shouted out in a loud voice several times to announce my presence and to determine if anyone was at the site. I received no response, so I began my inspection.

I walked to a location west of the building at the site (**Area A on Site Sketch**). In this area I observed between thirty and forty abandoned vehicles (**Photos #1 - #8, Site Sketch Area A**). Several observations led this inspector to conclude that these vehicles were abandoned. These observations included: 1) vegetation was growing undisturbed, around and through the vehicles in this area, indicating that they had not been moved in at least seven days (**Photos #3 - #4 & #6 - #8, Site Sketch Area A**), 2) several trucks had waste material lying in their beds, uncovered and exposed to the elements (**Photos #1 - #2 & #5 - #8, Site Sketch Area A**), 3) no vehicles displayed current Illinois license plates (**Two of which are shown in Photos #3 - #4, Site Sketch Area A**), and 4) some of the vehicles were missing or had broken windows, allowing their interiors to be exposed to weathering. Also at the time of the inspection, these vehicles were not in use, were not useable in their current condition and were not stored in such a way as to protect any future use. Also, they were stored in an unorganized and unsightly manner.

Page 2

As previously stated, I observed uncovered waste in the beds of many of the trucks located in the area labeled "A" on the site sketch (**Photos #1 - #2 & #5 - #8, Site Sketch Area A**). The waste in these vehicles included, but was not limited to: waste tires, scrap metal, vehicle parts, particle board that was falling apart, probably due to exposure to precipitation (**Photo #6, Site Sketch Area A**), dimensional lumber, an off-road recreational vehicle, and plastic items (**Photos #1 - #8, Site Sketch Area A**).

North of the Area A, I observed several more abandoned vehicles (**Photos #9 - #12, Site Sketch**). At the time of the inspection, these vehicles were not in use, were not useable in their current condition and were not stored in such a way as to protect any future use. Also, they were stored in an unorganized and unsightly manner.

I continued walking north and observed an area where metal siding and other scrap metal had been open dumped (**Photo #13, Site Sketch**). The materials in this area were over grown with vegetation, were not in use and were not stored in such a manner as to protect them for future use. Also these materials were stored in an unsightly manner.

I continued walking north and observed another area where waste had been open dumped (**Photos #13 - #20, Site Sketch Area B**). The waste in this area consisted of but was not limited to: abandoned vehicles, dimensional lumber, lawn mowers, vehicle parts, scrap metal, plastic items, and roofing shingles. The following observations led this inspector to conclude that the vehicles in this area were abandoned: 1) there were no tracks in the bare soil that would indicate the vehicles had been moved recently and 2) none of the vehicles were displaying current Illinois licence plates.

I walked south and observed another area of open dumped waste (**Photos #20 & #21, Site Sketch**). The waste in this area consisted of, but was not limited to: dimensional lumber, scrap metal, plastic items, a gas powered garden tiller and a motor boat. At the time of the inspection, these items were not in use, were not useable in their current condition and were not stored in such a way as to protect any future use.

I then walked south to an area south of the truck trailers and observed two abandoned vehicles (**Photo #22, Site Sketch**). These vehicles appeared abandoned for the following reasons: 1) neither vehicle was displaying a current Illinois licence plate, 2) both vehicles were surrounded by vegetation that was at least 12 inches high and 3) I observed no tracks through the tall vegetation that would indicate the vehicles had been moved recently (**Photo #22, Site Sketch**).

The total volume of waste observed at this site was approximately 350 cubic yards.

My inspection ended at approximately 1:52 p.m.

Violations Observed:

Item #5(21)(a): Cause or allow open dumping; Item #8(21)(p)(1 and 7): Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (1) Litter and (7) Deposition of general construction or demolition debris; or clean construction or demolition debris: During the inspection waste that had been open dumped and that caused litter and the deposition of general construction or demolition debris was observed.

Item #6(21)(d)(1): Conduct any waste-storage, waste-treatment, or waste-disposal operation: Without a permit: At the time of this inspection, this office had no record from the Illinois Environmental Protection Agency (IEPA), indicating that the site owner had been issued a permit to conduct a waste-storage, waste-treatment or waste-disposal operation.

Item #6(21)(d)(2): Conduct any waste-storage, waste-treatment, or waste-disposal operation: In violation of any regulations or standards adopted by the Board: During the inspection, violations of regulations and standards adopted by the Board were observed. The violations included, but were not limited to: lack of adequate cover and lack of litter control.

Item #7(21)(e): Dispose, treat, store, or abandon any waste, or transport any waste into the State at/to sites not meeting requirements of the Act: At the time of the inspection, this office had not received from IEPA documentation that this site had met the requirements of the Act for landfills. During the inspection, waste that had been disposed of at this site was observed.

Item #9(55)(a)(1): No person shall: Cause or allow open dumping of any used or waste tire: During the inspection, waste tires that had been disposed were observed.

Item #10(812.101)(a): Failure to submit an application for a permit to develop and operate a landfill: At the time of this inspection, this office had not received from IEPA documentation that the site owner had submitted an application for a permit to develop and operate a landfill.

Item #15(807.201): Failure to obtain a Developmental Permit to operate a solid waste management site: At the time of this inspection, this office had not received from IEPA documentation that the site owner had obtained a Developmental Permit to operate a solid waste management site.

Item #15(807.202): Failure to obtain an Operational Permit to operate a solid waste management site: At the time of this inspection, this office had not received from IEPA documentation that the site owner had obtained an Operational Permit to operate a solid waste management site.
