STATE OF ILLINOIS  
Pollution Control Board

August 22, 2008

Clerk of the Board  
Pollution Control Board  
100 West Randolph, Suite 11-500  
Chicago, Illinois 60601-3218

Dear Gentlemen

I am writing in regards to the Citation that was issued to Dan Kimmel at 1065 Dumaroc Road, Desoto, Illinois 62924.

The complaint I have received from the pollution control board States that my land is an open dump which I believe is completely wrong. I consider it as merely recycling. I have recycled many Items and I have collected many recyclable materials in the past 20 years because I have never believed in filling our land fills with these items for the sake of the environment.

*In the past two years the pollution control board has been on my back to clean it up and I have continually made efforts to do so in the way of storage facilities and also bringing load after load to the recycling center as quickly as possible.*

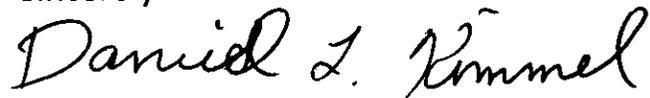

Mr. Don Terry was out at the property and was taking pictures. In his report he has documented all the things that I haven't gotten to yet. He failed to report the hard work that I have put in to clean; he also failed to take pictures of the improvements that I have worked so hard to get done.

Collecting these materials for 20 years will take some time to clean up. I am only one man with limited machinery to help me and I am trying my best to get this issue resolved. I also have a full-time job so I can only work on this after putting in a hard day at my job and every weekend, but there are only so many hours in a day and I do need sleep.

Therefore, I am asking for adequate time to get everything hauled off and put everything that I want to keep in a building or undercover so that I no longer have this trouble with the pollution control board. I have numerous receipts from the scrap yards to prove that I have been hauling in scrap continually. I also pay for a large dumpster that I'm continually filling with non-recyclable garbage in my effort to comply to this issue.

Please let me know what your decision is on this matter. *Meanwhile I will* continue to haul in recycling materials and collecting receipts for my work.

Sincerely

A handwritten signature in black ink that reads "Daniel L. Kimmel". The signature is written in a cursive style with a large, stylized 'D' and 'K'.

Dan Kimmel
