Clerk of the Board  
Pollution Control Board 100 West Randolph, Suite 11-500  
Chicago, Illinois 60601-3218

Dear Sirs/ladies

I am writing in regards to the Citation that was issued to Ruben and Alvin Valdez on July 28, 2008, Site Code 1778035022.

Upon review of the citation received, I have decided to build a building to store all of the cars that I want to keep and get rid of the rest of them at a nearby salvage factuality.

I have personally talked to Mr. Don Terry and Mr. Brenner as soon as I had recived this report and told them of my decision. They in turn told me that I have 35 days in which to write to the clerk of the board and let them know what I have planned on doing and ask for adiquite time in which to complete this project. My health is'nt what it used to be and I no longer wish to continually deal with this issue any longer.

*I realize that this is the second time that we have been brought before the board for this same issue. Because I haven't been feeling well, I haven't been out to the property to see that it has gotten into such disarray again. Rest assured, when this project is finished, I will see to it that it will never happen again. I just ask that you will bear with me on this issue and grant me the time it takes to build an adiquite building for the storage of the vehicles that I plan on keeping.*

I have already ordered the trusses and the sheet metal for this building, but even the shipping for these items will take a little time. Also I have been working on finding someone who can do the work for me. I can no longer build it myself because of my health.

Sincerely

Alvin Valdez
