I noticed 9-045 has been posted on the ipcw web site, however I am unable to pull up details of proceedings once at the list. I was as well wondering what date the next hearing in this matter will take place. Please note: the Money orders enclosed in the latest appearance Either "may" or "may not" be related to this situation. It took approximately two weeks to recieve back from my bank and were promptly forwarded to the secret service in Springfield.

I possess many hours of video and picture evidence some of which has been viewed by US EPA investigator, Brent Marable.

If there is any doubt based on the amount I have sought I offered in good faith to resolve this issue by reducing the amount to 100k. Nokomis Quarry Companies representative Mr. Costa responded saying he forwarded the settlement proposal but did not believe they would act on "any" settlement.

I would be more than happy to address any questions and provide any materials needed.

Sincerely

Jerrald R West II
