JURISDICTION

This Administrative Citation is issued pursuant to authority vested in the Illinois Environmental Protection Agency by 415 ILCS 5/1 *et. seq.* (2009), specifically 415 ILCS 5/31.1.

FACTS

1. The Respondent, Gary Clover, is the present owner and occupant and in control and possession of a facility located in the County of Jackson, State of Illinois.

2. The facility is an open dump, operating without an Illinois Environmental Protection Agency Operating Permit, and designated with the Site Code # 0778105010. The facility is known to the Agency as the Murphysboro/Gary Clover site.

3. The Respondent has owned, occupied, controlled and/or operated the facility at all relevant times hereto.

4. On September 23, 2009, Don Terry, Field Inspector, Jackson County Health Department, inspected the facility. A true and correct copy of the inspection report, along with Mr. Terry's affidavit, are attached and incorporated herein by reference as Exhibit A.

5. The Respondent had been previously found to have violated §21(p)(1) and (p)(7) of the Illinois Environmental Protection Act, 415 ILCS 5/21(p)(1), (7) (2009) at this site on March 18, 2004 in AC 04-37.

### **VIOLATIONS**

On the basis of Field Inspector, Don Terry's, direct observation, he has determined that the Respondent has caused or allowed open dumping at the above described facility in a manner that resulted in the following violations:

That on September 23, 2009, an on-site inspection of the facility disclosed the following:

1. The Respondent has caused or allowed litter at the facility in violation of 415 ILCS 5/21(p)(1).

2. The Respondent has caused or allowed open burning at the facility in violation of 415 ILCS 5/21(p)(3).

2. The Respondent has caused or allowed the deposition of general construction or demolition debris; or clean construction or demolition debris in violation of 415 ILCS 5/21(p)(7).

### **CIVIL PENALTY**

Pursuant to Section 42(b)(4-5) of the Act, 415 ILCS 5/42(b)(4-5) (2009), Respondent is subject to a civil penalty of One Thousand Five Hundred Dollars (\$1,500.00) for the §21(p)(3) violation and Three Thousand Dollars (\$3,000.00) each for the §21(p)(1) violation and the §21(p)(7) violation because the latter are second violations for the same offenses, for a total of Seven Thousand Five Hundred Dollars (\$7,500.00). If Respondent elects not to

petition the Illinois Pollution Control Board, the statutory civil penalty specified above shall be due and payable no later than no later than December 1, 2009, unless otherwise provided by order of the Illinois Pollution Control Board.

If Respondent elect to contest this Administrative Citation by petitioning the Illinois Pollution Control Board in accordance with Section 31.1 of the Act, 415 ILCS 5/31.1 (2009), and if the Illinois Pollution Control Board issues a finding of violation as alleged herein, after an adjudicatory hearing, Respondent shall be assessed the associated hearing costs incurred by the Illinois Environmental Protection Agency and the Illinois Pollution Control Board. The hearing costs shall be assessed in addition to the statutory civil penalty.

Pursuant to Section 31.1(d)(1) of the Act, 415 ILCS 5/31.1(d)(1) (2009), if Respondent fails to petition or elect not to petition the Illinois Pollution Control Board for review of this Administrative Citation within thirty-five (35) days of the date of service, the Illinois Pollution Control Board shall adopt a final order, which shall include this Administrative Citation and findings of violation as alleged herein, and shall impose the statutory civil penalty specified above.

When payment is made, checks shall be made payable in equal amounts (50% of total penalty each) to:

(1) County of Jackson, c/o Jackson County Treasurer, Jackson County Courthouse, Murphysboro, Illinois 62966; and

(2) Illinois Environmental Protection Trust Fund and mailed to the attention of Fiscal Services, Illinois Environmental Protection Agency, 1021 North Grand Avenue East, P.O. Box 19276, Springfield, Illinois 62794-9276.

Respondent shall complete and return the enclosed Remittance Forms with payments to ensure proper documentation of payment.

If any civil penalty and/or hearing costs are not paid within the time prescribed by order of the Illinois Pollution Control Board, interest on said penalty and/or hearing costs shall be assessed against the Respondent from the date payment is due up to and including the date that payment is received. The Complainant may either initiate proceedings against Respondent in Circuit Court or other debt collection actions to collect said penalty and/or hearing costs, plus any interest accrued, as well as injunctive relief.

#### **PROCEDURE FOR CONTESTING ADMINISTRATIVE CITATION**

You have the right to contest this Citation, pursuant to 415 ILCS 5/31.1. If you elect to contest this Citation, you must file a Petition For Review with the Clerk of the Illinois Pollution Control Board. A copy of the Petition For Review shall be filed with Daniel Brenner, Assistant State's Attorney, Jackson County Courthouse, Third Floor, Murphysboro, IL 62966. **YOUR PETITION FOR REVIEW MUST BE FILED WITHIN 35 DAYS OF THE DATE OF SERVICE OF THE PRESENT CITATION ON YOU. IF YOU FAIL TO FILE YOUR PETITION, A DEFAULT ORDER AGAINST YOU WILL BE ENTERED BY THE POLLUTION CONTROL BOARD.**

### GENERAL REMARKS

During the stated date and time, I conducted an inspection of the site listed above. This inspection was made as a follow up to a complaint received by the Jackson County Health Department. Complainant stated that mobile homes on the site were being demolished and burned and waste from ongoing construction at the site was also being disposed by burning. Weather conditions at the time of the inspection were: Cloudy with calm winds and a temperature of approximately 78°F. I was accompanied on this inspection by Henry Mulder of the Jackson County Health Department.

According to records at the Jackson County Assessor's Office, the site is owned by Gary Clover.

The area of this site that was inspected has been utilized by the owner as a location for mobile homes used as rental units.

I arrived at the site and observed a waste pile from my vehicle (**Photo #1, Site Sketch-Area A**). I parked the vehicle and began my inspection. I walked to the waste pile and observed that the waste in the pile included, but was not limited to: ash, landscape waste, cardboard, dimensional lumber, a wooden object that appeared to have been treated with a stain or other wood treatment, particle board, metal pipe and different types of metal fasteners (**Photo #2, Site Sketch-Area A**). Some of the waste in this area was charred, as was the soil, which would seem to indicate that waste had been open burned at this location. To the east I observed an eight yard dumpster (**Photo #3, Site Sketch-X**). This was the only waste container I observed on the site.

To the west I observed an area that was the approximate size of a mobile home. This area was littered with waste that consisted of, but was not limited to: ash, metal pipes, broken concrete blocks, fiberglass insulation, metal fasteners, broken wall board, dimensional lumber, pieces of paneling, coated electrical wire, scrap metal and PVC pipe (**Photo #4, Site Sketch-Area B**). Some of the waste and soil in this area was charred which would seem to indicate that material was open burned in this area.

I walked west and observed another waste pile (**Photo #5, Site Sketch-Area C**). The waste in this pile consisted of, but was not limited to: paper, particle board, fiberglass insulation, plastic items, PVC pipe, metal wire, a suitcase, a cloths dryer vent hose, clothing, cardboard, a broken toilet and tank and scrap metal (**Photo #5, Site Sketch-Area C**).

I walked west and observed a waste pile that was giving off smoke (**Photos #6 - #9, Site Sketch-Area D**). The waste in this pile consisted of, but was not limited to: ash, plastic items, fiberglass insulation, landscape waste, scrap metal, metal pipe, metal fencing, dimensional lumber, and metal cans. The smoke being given off at the time of this inspection, indicated that the waste in this pile was being open burned at the time of the inspection.

I walked east and observed a waste pile. The waste in this pile consisted of, but was not limited to: dimensional lumber, coated electrical wire, fiberglass insulation, metal pipe and landscape waste (**Photo #10, Site Sketch-Area E**). I observed that this waste pile was surrounded on the north and south sides with a mound of soil (**Photo #10, Site Sketch-Area E**) and the east end of this pile was covered with soil. I observed that some waste was sticking up through soil (**Photo #10, Site Sketch-Area E**) as if waste had been buried at this location.

I continued walking east and observed a waste pile where open burning had occurred (**Photos #11 & #12, Site Sketch-Area E**). The waste in this pile consisted of, but was not limited to: ash, dimensional lumber, metal wire, metal fasteners, landscape waste, aerosol and other metal cans, metal furniture springs and cloth furniture fabric (**Photos #11 & #12, Site Sketch-Area E**). Some of the waste in this pile was charred, as was some of the soil, indicating that the waste appeared to have been open burned at this location. Just east of this burn pile, I observed a waste pile consisting of coated electrical wire (**Photo #13, Site Sketch-Area E**).

A short distance east of the burn pile (**Site Sketch-Area E**), I observed a waste pile that appeared to be the waste from the demolition of a mobile home (**Photos #14 - #16, Site Sketch-Area F**). The waste in this pile consisted of, but was not limited to: a metal mobile home frame, dimensional lumber, scrap metal, fiberglass insulation, plywood, metal wiring, PVC pipe, and waste tires (**Photos #14 - #16, Site Sketch-Area F**).

The total volume of waste observed was approximately 30 cubic yards.

My inspection ended at approximately 12:00 noon.

**Violations Observed:**

**Item #1(9)(a): Cause, threaten or allow air pollution in Illinois; Item #2(9)(c): Cause or allow open burning; Item #3(21)(p)(3): Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (3) Open Burning:** During the inspection, the open dumping of waste that resulted in open burning and which caused, threatened or allowed air pollution in Illinois was observed.
