STATE OF ILLINOIS
Pollution Control Board

John Therriault
Clerk
Illinois Pollution Control Board
100 W. Randolph St., Ste. 11-500
Chicago, IL 60601

Attn: R10-8 Rulemaking – Air: Lithographic Printing Rules

To whom it may concern,

I wish to withdraw my recently submitted comments to the Illinois Pollution Control Board (IPCB) regarding proposed changes to the Reasonably Available Control Technology (RACT) for Volatile Organic Material Emissions Standards.

My comments were based on regulations listed on the Illinois Environmental Protection Agency (IEPA) website. After reviewing the IPCB docket, including amended filings incorporating the most recent IEPA changes, I believe that the rules, as currently written, are not ambiguous with regard to the Heatset Lithographic Printing control device requirements. Therefore I wish to withdraw my comments to the IPCB dated December 23, 2009.

If you have any questions regarding this withdrawal request, please feel free to contact me at (630) 993-2138 or by e-mail at bmeerman@mostardiplattenv.com. Thank you.

Sincerely,

Bruce Meerman
Senior Environmental Consultant
