GENERAL REMARKS

During the stated date and time, I conducted an inspection of the site listed above. This inspection was made as a follow up to an inspection conducted on January 2, 2008 during which open dumping violations were observed. Weather conditions at the time of the inspection were: cloudy with strong, gusting winds and a temperature of approximately 37°F. I was accompanied on this inspection by Henry Mulder of the Jackson County Health Department.

According to records at the Jackson County Assessor's Office, the site is owned by Ed Cripps residing at 429 S. 17th St., Murphysboro, IL 62966.

I arrived at 429 S. 17th Street, and from 17th Street, a public roadway, observed open dumped waste (**Photos #1 - #3, Site Sketch-Area A**). The waste in this area consisted of, but was not limited to: abandoned vehicles, waste tires, scrap metal, plastic items, vehicle parts and furniture (**Photos #1 - #3, Site Sketch-Area A**). At the time of the inspection, the vehicles and other items observed from this location were not in use, were not useable in their current condition, were not stored in such a way as to protect any future use and were stored in an unsightly manner.

I then drove to a location at the northwest corner of the residence and observed more open dumped waste (**Photos #4 - #6, Site Sketch-Area A**). The waste I observed from this location consisted of, but was not limited to: abandoned vehicles, vehicle parts, scrap metal, a plastic barrel, paper, waste tires, lawn mowers, and furniture. At the time of the inspection, the vehicles and other items observed from this location were not in use, were not useable in their current condition, were not stored in such a way as to protect any future use and were stored in an unsightly manner.

I proceeded to the north end of the site and walked south (**Photos #7 - #17, Site Sketch-Area B**). The open dumped waste I observed, scattered around the site, consisted of, but was not limited to: abandoned vehicles, waste tires, vehicle parts, plastic items, dimensional lumber and scrap metal (**Photos #7 - #17, Site Sketch-Area B**). At the time of the inspection, the vehicles and other items observed in this area were not in use, were not useable in their current condition, were not stored in such a way as to protect any future use and were stored in an unsightly manner.

The total volume of waste observed during this inspection was approximately 120 cubic yards.

My inspection ended at approximately 11:17 a.m.

Continuing Violations Observed:

Item #5(21)(a): Cause or allow open dumping; Item #8(21)(p)(1 and 7): Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (1) Litter and (7) Deposition of general construction or demolition debris; or clean construction or demolition debris: During the inspection the continued open dumping of waste that resulted in litter and the deposition of general construction or demolition debris was observed.

Item #6(21)(d)(1): Conduct any waste-storage, waste-treatment, or waste-disposal operation: Without a permit: At the time of the inspection, this office still had no record that the site owner had received from the Illinois Environmental Protection Agency (Agency) a permit to conduct a waste-storage, waste-treatment or waste-disposal operation.

Item #6(21)(d)(2): Conduct any waste-storage, waste-treatment, or waste-disposal operation: In violation of any regulations or standards adopted by the Board: During the inspection, continuing violations of regulations or standards adopted by the Board regarding daily cover and litter control were observed.

Item #7(21)(e): Dispose, treat, store, or abandon any waste, or transport any waste into the State at/to sites not meeting requirements of the Act: During the inspection, waste that had been disposed was observed. As of the day of the inspection, this site did not meet the requirements of the Act for a landfill.

Item #9(55)(a)(1): No person shall: Cause or allow open dumping of any used or waste tire: During the inspection, the continued dumping of waste tires was observed.

Item #10(812.101)(a): Failure to submit an application for a permit to develop and operate a landfill: At the time of the inspection, this office had no record that the site owner had applied to the Agency for a permit to develop and operate a landfill.

Item #15(807.201): Failure to obtain a Developmental Permit to operate a solid waste management site: At the time of this inspection, this office had no record that the site owner had obtained from the Agency a Developmental Permit to operate a solid waste management site.

Item #15(807.202): Failure to obtain an Operational Permit to operate a solid waste management site: At the time of this inspection, this office had no record that the site owner had obtained from the Agency an Operational Permit to operate a solid waste management site.
