**NOTICE OF ELECTRONIC FILING**

To: See Attached Service List

PLEASE TAKE NOTICE that on April 22, 2010, I electronically filed with the Clerk of the Pollution Control Board of the State of Illinois, a COMPLAINT and ENTRY OF APPEARANCE, copies of which are attached hereto and herewith served upon you. Failure to file an answer to this Complaint within 60 days may have severe consequences. Failure to answer will mean that all allegations in this Complaint will be taken as if admitted for purposes of this proceeding. If you have any questions about this procedure, you should contact the hearing officer assigned to this proceeding, the Clerk's Office or an attorney.

FURTHER, please take notice that financing may be available, through the Illinois Environmental Facilities Financing Act, 20 ILCS 3515/1 (2008), to correct the pollution alleged in the Complaint filed in this case.

Respectfully submitted,

PEOPLE OF THE STATE OF ILLINOIS

LISA MADIGAN,  
Attorney General of the  
State of Illinois

MATTHEW J. DUNN, Chief  
Environmental Enforcement/Asbestos  
Litigation Division

**COMPLAINT**

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, complains of Respondent, ILLINOIS FUEL COMPANY, LLC, as follows:

**COUNT I**  
**NPDES PERMIT VIOLATIONS**  
**SALINE COUNTY MINE**

1. This Complaint is brought by the Attorney General on her own motion and at the request of the Illinois Environmental Protection Agency ("Illinois EPA") pursuant to the terms and provisions of Section 31 of the Illinois Environmental Protection Act ("Act"), 415 ILCS 5/31 (2008).
2. The Illinois EPA is an agency of the State of Illinois created by the Illinois General Assembly under Section 4 of the Act, 415 ILCS 5/4 (2008), and charged, *inter alia*, with the duty of enforcing the Act in proceedings before the Illinois Pollution Control Board ("Board").
3. ILLINOIS FUEL COMPANY, LLC, is a Kentucky limited liability company

authorized to do business in Illinois and operates a coal mine commonly known as the I-1 Mine located 5 miles northeast of Herod, and within the Shawnee National Forest, in Saline County, Illinois and a coal mine commonly known as Mine # 4 located 5 miles southwest of Junction, Gallatin County, Illinois. However, for the purposes of this action, the mines will be referred to respectively as the Saline County mine and the Gallatin County mine.

4. Section 12 of the Act, 415 ILCS 5/12 (2008), provides, in pertinent part, as follows:

No person shall:

(a) Cause or threaten or allow the discharge of any contaminants into the environment in any State so as to cause or tend to cause water pollution in Illinois, either alone or in combination with matter from other sources, or so as to violate regulations or standards adopted by the Pollution Control Board under this Act.

\* \* \*

(f) Cause or threaten or allow the discharge of any contaminants into the waters of the State . . . without an NPDES permit for point source discharges . . . or in violation of any term or condition imposed by such permit. . . .

5. Section 3.545 of the Act, 415 ILCS 5/3.545 (2008), provides this definition:

“Water pollution” is such alteration of the physical, thermal, chemical, biological or radioactive properties of any waters of the State, or such discharge of any contaminant into any waters of the State, as will or is likely to create a nuisance or render such waters harmful or detrimental or injurious to public health, safety or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate uses, or to livestock, wild animals, birds, fish, or other aquatic life.

6. Section 3.165 of the Act, 415 ILCS 5/3.165 (2008), provides this definition:

“Contaminant” is any solid, liquid, or gaseous matter, any odor, or any form of energy, from whatever source.

7. Section 3.550 of the Act, 415 ILCS 5/3.550 (2008), provides this definition:

“Waters” means all accumulations of water, surface and underground, natural, and artificial, public and private, or parts thereof, which are wholly or partially within, flow through, or border upon this State.

8. Mine discharge effluent limitations are set forth in Section 406.106(b) of the Board’s Mine Related Water Pollution Regulations, 35 Ill. Adm. Code 406.106(b):

Except as provided in Sections 406.109 and 406.110, a mine discharge effluent shall not exceed the following levels of contaminants:

Constituent	Storet Number	Concentration
Acidity	00435	(total acidity shall not exceed total alkalinity)
Iron (total)	01045	3.5mg/l
Lead (total)	01051	1 mg/l
Ammonia Nitrogen (as N)	00610	5 mg/l
pH	00400	(range 6 to 9)
Zinc (total)	01092	5 mg/l
Fluoride (total)	00951	15 mg/l
Total suspended solids	00530	35 mg/l
Manganese	01055	2.0 mg/l

9. Section 406.106(b)(2) of the Board’s Mine Related Water Pollution Regulations, 35 Ill. Adm. Code 406.106(b)(2), provides as follows:

The manganese effluent limitation is applicable only to discharges from facilities where chemical addition is required to meet the iron or pH effluent limitations. The upper limit of pH shall be 10 for any such facility that is unable to comply with the manganese limit at pH 9. The manganese standard is not applicable to mine discharges which are associated with areas where no active mining, processing or refuse disposal has taken place since May 13, 1976.

10. As set forth at Section 401.102 of the Board’s Mine Related Water Pollution Regulations, 35 Ill. Adm. Code 401.102, the legislative policy for the environmental regulation of coal mining is based upon the following determinations:

. . . mining activities including the preparation, operation and abandonment of mines, mine refuse areas and mine related facilities without environmental planning and safeguards and the use of certain refuse materials can cause, threaten or allow the discharge of contaminants into the waters of Illinois so as to cause or threaten to cause a nuisance or to render such waters harmful or detrimental to public health, safety or welfare or to domestic, commercial, industrial, agricultural, recreational or other legitimate uses including use by livestock, wild animals, birds, fish or other aquatic life and riparian vegetation.

11. The purpose of the Board's Mine Related Water Pollution Regulations is stated at Section 401.103, 35 Ill. Adm. Code 401.103:

The purpose of this Subtitle D is to prevent pollution of waters of Illinois caused by failure to plan proper environmental safeguards for the location, preparation, operation and abandonment of mining activities, mining and mine refuse operations. A permit system is established to control the multitude of contaminating point and non-point source discharges, visible and hidden, continuous and fluctuating, which are potentially present in mining activities, mining and mine refuse operations. In order to ensure that such activities meet environmental standards water quality and effluent standards are established to limit discharges from point sources as well as to protect waters for beneficial uses. In addition, procedural safeguards are established to ensure the protection of waters. Furthermore, it is the purpose of this Subtitle D to meet the requirements of Section 402 of the FWPCA.

12. On January 13, 1999 the Illinois EPA issued a permit for the Saline County mine under the National Pollutant Discharge Elimination System ("NPDES") program of the federal Water Pollution Control Act ("FWPCA" or "Clean Water Act"). NPDES Permit No. IL0064611 authorizes discharges from the Saline County mine into waters of the State, including Eagle Creek, Rose Creek, Pruett Branch, Little Eagle Creek and their unnamed tributaries. The NPDES permit for the Saline County mine also imposes monitoring and reporting requirements.

13. NPDES Permit No. IL0064611 imposes effluent limitations for iron, manganese, sulfates, pH, and total suspended solids ("TSS"), applicable to discharges from the Saline County mine. The pH of the effluent must abide within a range (in standard units) of 6.0 to 9.0. The

following effluent limitations (as expressed in milligrams per liter or "mg/L") are also applicable to all outfalls:

<u>Pollutant</u>	<u>30 Day Average</u>	<u>Daily Maximum</u>
Iron	3.0 mg/L	6.0 mg/L
Manganese	2.0 mg/L	4.0 mg/L
TSS	35.0 mg/L	70.0 mg/L
Sulfates	n/a	3500 mg/L

14. Illinois Fuel Company, LLC, caused or allowed the discharge of iron from the Saline County mine in excess of the permitted monthly average effluent limitation as follows:

<u>Month/Year</u>	<u>Outfall</u>	<u>Permit Limit</u>	<u>Actual Discharge</u>
February 2004	030	3.0 mg/L	3.28 mg/L
February 2004	049	3.0 mg/L	4.08 mg/L
March 2004	049	3.0 mg/L	4.68 mg/L

August 2008	030	70.0 mg/L	80.5 mg/L

21. Illinois Fuel Company, LLC, caused or allowed the discharge of pH from the Saline County mine outside of the permitted effluent limitation range of 6.0 to 9.0 standard units as follows:

<u>Month/Year</u>	<u>Outfall</u>	<u>Actual Discharge</u>
May 2004	021	5.7

22. Illinois Fuel Company, LLC, repeatedly caused or allowed the discharge from the Saline County mine of iron, manganese, sulfates, pH and TSS, in excess of the effluent limitations imposed by NPDES Permit No. IL0064611.

23. By repeatedly discharging contaminants from the Saline County mine into waters of the State in violation of the terms or conditions of NPDES Permit No. IL0064611, Illinois Fuel Company, LLC, violated Section 12(f) of the Act, 415 ILCS 5/12(f) (2008).

**PRAYER FOR RELIEF**

WHEREFORE, Complainant, the PEOPLE OF THE STATE OF ILLINOIS, respectfully request that the Board enter an Order against Respondent, ILLINOIS FUEL COMPANY, LLC:

A. Authorizing a hearing in this matter at which time the Respondent will be required to answer the allegations herein;

B. Finding that the Respondent has violated Section 12(f) of the Act, 415 ILCS 5/12(f) (2008), and the regulations as alleged herein;

C. Pursuant to Section 42(b)(1) of the Act, 415 ILCS 5/42(b)(1) (2008), impose upon the Respondent a monetary penalty of not more than the statutory maximum;

D. Pursuant to Section 42(f) of the Act, 415 ILCS 5/42(f) (2008), award Complainant

its reasonable costs in this matter, including attorney's fees and expert witness costs; and

E. Grant such other and further relief as the Board deems appropriate.

**COUNT II**  
**WATER POLLUTION VIOLATIONS**  
**SALINE COUNTY MINE**

1-21. Complainant realleges and incorporates herein by reference paragraphs 1 through 21 of Count I as paragraphs 1 through 21 of this Count II.

22. Illinois Fuel Company, LLC, caused or allowed the discharge of iron, manganese, sulfates, pH and TSS into waters of the State so as to cause or tend to cause water pollution in Illinois in combination with matter from other sources. These repeated discharges from the Saline County mine in excess of the permitted concentration levels have likely created a nuisance or rendered such waters harmful or detrimental or injurious to agricultural, recreational, or other legitimate uses, or to livestock, wild animals, birds, fish, or other aquatic life.

23. By so causing or tending to cause water pollution, Illinois Fuel Company, LLC, has violated Section 12(a) of the Act, 415 ILCS 5/12(a) (2008).

**PRAYER FOR RELIEF**

WHEREFORE, Complainant, the PEOPLE OF THE STATE OF ILLINOIS, respectfully request that the Board enter an Order against Respondent, ILLINOIS FUEL COMPANY, LLC:

A. Authorizing a hearing in this matter at which time the Respondent will be required to answer the allegations herein;

B. Finding that the Respondent has violated Section 12(a) of the Act, 415 ILCS 5/12(a) (2008), and the regulations as alleged herein;

C. Pursuant to Section 42(a) of the Act, 415 ILCS 5/42(a) (2008), impose upon the

Respondent a monetary penalty of not more than the statutory maximum; and

D. Grant such other and further relief as the Board deems appropriate.

**COUNT III**  
**NPDES PERMIT VIOLATIONS**  
**GALLATIN COUNTY MINE**

1-11. Complainant realleges and incorporates herein by reference paragraphs 1 through 11 of Count I as paragraphs 1 through 11 of this Count III.

12. On May 12, 1999 the Illinois EPA issued a permit for the Saline County mine under the National Pollutant Discharge Elimination System (“NPDES”) program of the federal Water Pollution Control Act (“FWPCA” or “Clean Water Act”). NPDES Permit No. IL0061166 authorizes discharges from the Gallatin County mine into waters of the State, including Eagle Creek and Little Eagle Creek. The NPDES permit for the Gallatin County mine also imposes monitoring and reporting requirements.

13. NPDES Permit No. IL0061166 imposes effluent limitations for iron, manganese, sulfates, pH, and total suspended solids (“TSS”), applicable to discharges from the Gallatin County mine. The pH of the effluent must abide within a range (in standard units) of 6.0 to 9.0. The following effluent limitations (as expressed in milligrams per liter or “mg/L”) are also applicable to all outfalls:

<u>Pollutant</u>	<u>30 Day Average</u>	<u>Daily Maximum</u>
Iron	3.0 mg/L	6.0 mg/L
Manganese	2.0 mg/L	4.0 mg/L
TSS	35.0 mg/L	70.0 mg/L
Sulfates	n/a	3500 mg/L

14. Illinois Fuel Company, LLC, caused or allowed the discharge of iron from the Gallatin County mine in excess of the permitted monthly average effluent limitation as follows:

<u>Month/Year</u>	<u>Outfall</u>	<u>Permit Limit</u>	<u>Actual Discharge</u>
February 2009	012	3.0 mg/L	4.05 mg/L
February 2009	020	3.0 mg/L	6.10 mg/L

15. Illinois Fuel Company, LLC, caused or allowed the discharge of TSS from the Gallatin County mine in excess of the permitted monthly average effluent limitation as follows:

<u>Month/Year</u>	<u>Outfall</u>	<u>Permit Limit</u>	<u>Actual Discharge</u>
March 2004	017	35.0 mg/L	66.5 mg/L
March 2004	019	35.0 mg/L	37 mg/L
March 2004	020	35.0 mg/L	46 mg/L
June 2004	008	35.0 mg/L	43.5 mg/L

May 2008	020	70.0 mg/L	162 mg/L
August 2008	012	70.0 mg/L	103.5 mg/L
August 2008	020	70.0 mg/L	105.5 mg/L

17. Illinois Fuel Company, LLC, repeatedly caused or allowed the discharge from the Gallatin County mine of manganese and TSS in excess of the effluent limitations imposed by NPDES Permit No. IL0061166.

18. By repeatedly discharging contaminants from the Gallatin County mine into waters of the State in violation of the terms or conditions of NPDES Permit No. IL0061166, Illinois Fuel Company, LLC, violated Section 12(f) of the Act, 415 ILCS 5/12(f) (2008).

**PRAYER FOR RELIEF**

WHEREFORE, Complainant, the PEOPLE OF THE STATE OF ILLINOIS, respectfully request that the Board enter an Order against Respondent, ILLINOIS FUEL COMPANY, LLC:

A. Authorizing a hearing in this matter at which time the Respondent will be required to answer the allegations herein;

B. Finding that the Respondent has violated Section 12(f) of the Act, 415 ILCS 5/12(f) (2008), and the regulations as alleged herein;

C. Pursuant to Section 42(b)(1) of the Act, 415 ILCS 5/42(b)(1) (2008), impose upon the Respondent a monetary penalty of not more than the statutory maximum;

D. Pursuant to Section 42(f) of the Act, 415 ILCS 5/42(f) (2008), award Complainant its reasonable costs in this matter, including attorney's fees and expert witness costs; and

E. Grant such other and further relief as the Board deems appropriate.

**COUNT IV**  
**WATER POLLUTION VIOLATIONS**  
**SALINE COUNTY MINE**

1-11. Complainant realleges and incorporates herein by reference paragraphs 1 through 11 of Count I as paragraphs 1 through 11 of this Count IV.

12-18 Complainant realleges and incorporates herein by reference paragraphs 12 through 18 of Count III as paragraphs 12 through 18 of this Count IV.

19. Illinois Fuel Company, LLC, caused or allowed the discharge of manganese and TSS into waters of the State so as to cause or tend to cause water pollution in Illinois in combination with matter from other sources. These repeated discharges from the Gallatin County mine in excess of the permitted concentration levels have likely created a nuisance or rendered such waters harmful or detrimental or injurious to agricultural, recreational, or other legitimate uses, or to livestock, wild animals, birds, fish, or other aquatic life.

20. By so causing or tending to cause water pollution, Illinois Fuel Company, LLC, has violated Section 12(a) of the Act, 415 ILCS 5/12(a) (2008).

**PRAYER FOR RELIEF**

WHEREFORE, Complainant, the PEOPLE OF THE STATE OF ILLINOIS, respectfully request that the Board enter an Order against Respondent, ILLINOIS FUEL COMPANY, LLC:

- A. Authorizing a hearing in this matter at which time the Respondent will be required to answer the allegations herein;
- B. Finding that the Respondent has violated Section 12(a) of the Act, 415 ILCS 5/12(a) (2008), and the regulations as alleged herein;
- C. Pursuant to Section 42(a) of the Act, 415 ILCS 5/42(a) (2008), impose upon the Respondent a monetary penalty of not more than the statutory maximum; and
- D. Grant such other and further relief as the Board deems appropriate.

Respectfully submitted,

PEOPLE OF THE STATE OF ILLINOIS,

LISA MADIGAN,  
Attorney General  
of the State of Illinois

MATTHEW J. DUNN, Chief  
Environmental Enforcement/Asbestos  
Litigation Division

BY:
