**RE: Case PCB 2010-103:**

I am a retired elem.  
teacher with a keen eye &  
ear towards fairness. I  
attended the Landfill  
hearings at Kish College.

Time & again, the  
gavel of Waste Mgt. lawyer  
went DOWN: **OBJECTION!**  
to credible, knowledgeable  
witnesses opposed to the  
**MEGA DUMP. Please listen!**  
**STOP THE MEGA DUMP!**  
Sincerely, Lolly Voss

Thank you for your consideration.

Sincerely,

Rita Prober Hutchins

Case #: PCB2010-103

Dear Illinois Pollution Control Board:

I am writing to express my deep concern over the pending decision to expand the DeKalb County Landfill.

I have been a resident of DeKalb County my entire life. Our son is a fourth generation DeKalb County resident. I would like to feel that someday his children could continue to live in DeKalb County without the threat of the environmental hazards I think this Mega Dump would create.

I do not have confidence nor trust that Waste Management will have the people of DeKalb County's best interest in mind. They are in the business of making money.

I do not feel confident that it is safe for the children of this County, rather that it could be detrimental to their health and well being.

In light of the recent BP oil spill, one has to ponder the consequences of how big business conducts themselves in regard to public safety. The lesson should be to proceed with extreme caution.

I ask for your help in stopping this expansion that would allow 17 counties to bring their garbage to us. Please allow the citizens of DeKalb County to continue to live without the threat of more toxins invading their lives.

Thank you for your consideration.

Sincerely,

Rita Prober Hutchins
