Dear Decisionmaker,

I'm appealing to your sense of fairness when considering this appeal for the Illinois Pollution Control Board to not go along with expanding DeKalb, IL dump.

I felt, as tax payer, my opinions should be considered. When DeKalb County Board had the option to hear their citizen they refused to do so, except during the time when I and most taxpayers had to be at work thus silencing our voices! DeKalb County Board members, who are suppose to represent us, refused to take our input prior to their rubber stamp meeting (saying it would be unfair to hear from us). Also, prior to their rubber stamp meeting, which was during my work hours they were already trying to float a bond which had the dump as a projected revenue stream. Obviously they had all made up their minds before anyone, whom they were suppose to represent got to speak.

Please listen to my voice and stop DeKalb's dump expansion.
