**Petition For Review**

Dear Illinois Pollution Control Board,

Please let this be your notice that I wish to contest this Administrative Citation.

Also I believe its my 6<sup>th</sup> Amendment right to confront the accuser (Dustin Burger) and elect for a face to face hearing. I do not wish to do it over a phone conference call.

The entire citation is flawed from the very start. Dustin Burger not only violated the 4<sup>th</sup> and 5<sup>th</sup> Amendments to the US Constitution, he had many errors in his Open Dump Inspection Checklist and his Narrative Inspection Report. Some of his report is nothing more than lies. The facts will be far different than his report.

I look forward to hearing from you about a hearing date.
