

## **Board Adopts Second-Notice Amendments to Non-Hazardous Solid Waste Rules**

The Illinois Pollution Control Board, on October 4, 2007, adopted for second-notice a proposal to amend Parts 810 and 811 of the Board's regulations governing solid waste disposal and standards for new solid waste landfills. The Illinois Chapter of the National Solid Wastes Management Association (NSWMA) filed the proposal (Proposed Amendments to Solid Waste Landfill Rules, 35 Ill. Adm. Code 810 and 811 (R07-08)) with the Board on July 27, 2006.

The second-notice proposal is substantively unchanged from that adopted in the Board's first-notice opinion and order on July 12, 2007. The amendments are intended primarily to update the Board's regulations in order to reflect practical experience gained through the implementation of those rules and the expanded technical and scientific knowledge achieved since the Board first adopted these standards in 1990.

During the 45-day second-notice period, the Board will accept comments only from the Joint Committee on Administrative Review.
