

Board Adopts Amendments to Non-Hazardous Solid Waste Rules

The Illinois Pollution Control Board, on November 15, 2007, adopted for final-notice a proposal to amend Parts 810 and 811 of the Board's regulations governing solid waste disposal and standards for new solid waste landfills. The Illinois Chapter of the National Solid Wastes Management Association (NSWMA) filed the proposal (Proposed Amendments to Solid Waste Landfill Rules, 35 Ill. Adm. Code 810 and 811 (R07-08)) with the Board on July 27, 2006.

The proposal intended primarily to update the Board's regulations in order to reflect practical experience gained through the implementation of those rules and the expanded technical and scientific knowledge achieved since the Board first adopted these standards in 1990. These amendments are substantively unchanged from those proposed in the Board's second-notice opinion and order dated October 4, 2007.

Opinions and orders of the Board, hearing transcripts, and other documents in this rulemaking record are posted on the Board's Web site and may be downloaded from the Web without charge.
