**MEMORANDUM OF UNDERSTANDING BETWEEN
THE CITY OF COLLINSVILLE AND THE ILLINOIS ENVIRONMENTAL
PROTECTION AGENCY REGARDING THE USE OF A LOCAL
GROUNDWATER OR WATER WELL ORDINANCE AS AN
ENVIRONMENTAL INSTITUTIONAL CONTROL**

I. PURPOSE AND INTENT

- A. This Memorandum of Understanding (“MOU”) between the City of Collinsville, Illinois and the Illinois Environmental Protection Agency (“Illinois EPA”) is entered into for the purpose of satisfying the requirements of 35 Ill. Adm. Code 742.1015 for the use of groundwater or water well ordinances as environmental institutional controls. The Illinois EPA has reviewed the groundwater or water well ordinance of the City of Collinsville, Illinois, (Attachment A) and determined that the ordinance prohibits the use of groundwater for potable purpose and/or the installation and use of new potable water supply wells by private entities but does not expressly prohibit those activities by the unit of local government itself. In such cases, 35 Ill. Adm. Code 742.1015(a) provides that the unit of local government may enter into an MOU with the Illinois EPA to allow the use of the ordinance as an institutional control.
- B. The intent of this Memorandum of Understanding is to specify the responsibilities that must be assumed by the unit of local government to satisfy the requirements for MOUs as set forth at 35 Ill. Adm. Code 742.1015(i).

II. DECLARATIONS AND ASSUMPTIONS OF RESPONSIBILITY

In order to ensure the long-term integrity of the groundwater or water well ordinance as an environmental institutional control and that risk to human health and the environment from contamination left in place in reliance on the groundwater or water well ordinance is effectively managed, the City of Collinsville hereby assumes the following responsibilities pursuant to 35 Ill. Adm. Code 742.1015(d)(2) and (i):

- A. The City of Collinsville will notify the Illinois EPA Bureau of Land of any proposed ordinance changes or request for variance at least 30

- days prior to the date the local government is scheduled to take action on the proposed change or request (35 Ill. Adm. Code 742.1015(i)(4));
- B. The City of Collinsville will maintain a registry of all sites within its corporate limits that have received “No Further Remediation” determinations from the Illinois EPA (35 Ill. Adm. Code 742.1015(i)(5));
 - C. The City of Collinsville will review the registry of sites established under paragraph II B prior to citing public potable water supply wells within the area covered by the ordinance (35 Ill. Adm. Code 742.1015(i)(6)(A));
 - D. The City of Collinsville will determine whether the potential source of potable water has been or may be affected by contamination left in place at the sites tracked and reviewed under paragraphs II B and C. (35 Ill. Adm. Code 742 1015(i)(6)(B)); and
 - E. The City of Collinsville will take action as necessary to ensure that the potential source of potable water is protected from contamination or treated before it is used as a potable water supply (35 Ill. Adm. Code 742.1015(i)(6)(C)).
-

NOTE: Notification under paragraph II A above or other communications concerning this MOU should be directed to:

Manager, Division of Remediation Management

III. SUPPORTING DOCUMENTATION

The following documentation is required by 35 Ill. Adm. Code 742.1015(i) and is attached to this MOU:

- A. Attachment A: A copy of the groundwater or water well ordinance certified by the city clerk or other official as the current, controlling law (35 Ill. Adm. Code 742.1015(i)(3));

Adm. Code 742.1015(i)(2));
- C. Attachment C: A statement of the authority of the unit of local government to enter into the MOU (council resolution, code of ordinances, inherent powers of mayor or other official signing MOU – attached copies) (35 Ill. Adm. Code 742.1015.(i)(1));
