ORDER OF THE BOARD (by G.M. Keenan):

On August 19, 2015, the Illinois Environmental Protection Agency determined that Rabi Management, Inc. voided a No Further Remediation (NFR) letter by failing to maintain or install an engineered barrier to inhibit the inhalation and ingestion of contaminated media. These requirements were outlined in the NFR letter for petitioner's Gas City, Ltd. facility located at 8721 South Cottage Grove in Chicago, Cook County.

On October 1, 2015, at the parties' request, the Board extended until December 24, 2015, the time period for Rabi Management to appeal the Agency's determination. *See* 415 ILCS 5/40(a)(1) (2012); 35 Ill. Adm. Code 105.208(a). Rabi Management, Inc. failed to timely file an appeal by December 24, 2015, so the Board dismisses this case and closes the docket.

IT IS SO ORDERED.

I, John T. Therriault, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on July 7, 2016 by a vote of 5-0.
