GENERAL REMARKS

NOTE: On January 2, 2007, an inspection was conducted of this site on the basis of a complaint (2007-012). During the inspection waste that was disposed by open dumping and open burning was observed. The inspection led to the issuing of Violation Notice L-2007—JC 146 to the site owner, Radine Paper. Then on June 2, 2011 another inspection was conducted of the site following a complaint (2011-100) received by the Jackson County Health Department (JCHD). The inspection led to the issuing of an Administrative Citation Warning Notice to Radine Paper and Dan Sronce, the site operator. After both notices were sent, the site was cleaned up and returned to compliance.

Also records obtained from the Jackson County Assessor's Office indicate that the site is currently owned by Radine Paper [**Attachment: Page 1**].

During the stated date and time, I conducted an inspection of the site listed above. This inspection was made as a follow up to a complaint received by the Jackson County Health Department. Complainant stated that a large pile of furniture and mattresses was sitting at the north end of Paper Lane. Weather conditions at the time of the inspection were: Partly cloudy with moderate winds and a temperature of approximately 89°F. I was accompanied on this inspection by Steve Williams of the Jackson County Health Department.

I arrived at the site and observed from Paper Lane a pile of mattresses at the edge of a wooded area (**Photo #1, Site Sketch**). This is the same area where I had observed open dumped waste during previous inspections (see notes above).

I walked to the area and observed a pile of waste mattresses and waste upholstered furniture lying next to a wooded area (**Photos #2 - #6, Site Sketch**). At the time of the inspection, the items listed as waste were not in use, were not useable in their current condition, and were not stored in such a way as to protect any future use.

Page 2

August 8, 2016

The total volume of waste observed was approximately 110 cubic yards.

My inspection ended at approximately 3:00 p.m.

Violations Observed:

Item #5(21)(a): Cause or allow open dumping; Item #8(21)(p)(1): Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (1) Litter: During the inspection the open dumping of waste that resulted in litter was observed.
