HEARING OFFICER ORDER

On November 13, 2017, the parties participated in a telephone status conference with the hearing officer. The parties met with the Illinois Environmental Protection Agency, and continue to make progress. However, there is still a PSD permit and the possibility of testing at currently idle units that are delaying work on this CAAPP appeal. After the Agency reviews petitioner's new information, a meeting will be scheduled to determine the next steps. At the next status conference, another deadline waiver will be needed.

The parties are directed to participate in a telephone status conference with the hearing officer at 9:30 a.m. on February 13, 2018. The status conference shall be initiated by the petitioner.

The parties consent to electronic service, and the decision deadline is June 21, 2018.

IT IS SO ORDERED.
