

# Electronic Filing: Received, Clerk's Office 3/26/2018 PC#1

**From:** Anjali Patel, E.I.  
**To:** [Brown, Don](#)  
**Subject:** [External] R2018-022 In the Matter of: Amendment to 35 Ill. Adm. Code 205, Emissions Reduction Market System- Public Opinion  
**Date:** Monday, March 26, 2018 3:09:13 PM

---

Dear M. Brown,

I believe eliminating this rule all together is a step backwards for Illinois. As a citizen of the state, I believe a revision should be made, not total elimination. Ozone levels are going up in Illinois, not going down. The Chicagoland area is still in non-attainment. I understand the paperwork burden, but again the reporting requirements can change. Do not eliminate the only cap-and trade program in the state.

With Regards,

**Anjali Patel, E.I.** Project Technical
