NOTICE OF PUBLIC INFORMATION ON PROPOSED AMENDMENTS

NOTICE OF PUBLIC HEARING AND COMMENT PERIOD
PURSUANT TO 415 ILCS 5/10(H) and 1 ILCS 100/5-70(b)

Notice of Public Comment Period and Public Hearing
for State Implementation Plan (SIP) Submittals
for National Ambient Air Quality Standards (NAAQS)

The Pollution Control Board (Board) is accepting public comments and will conduct a public hearing on a prospective NAAQS SIP submittal to the U.S. Environmental Protection Agency (USEPA). The Board will accept written comments on the proposed rule that will form the basis for the SIP proposal until January 10, 2019, which 45 days after the proposed amendment appeared in the November 26, 2018 issue of the *Illinois Register*. A public hearing will occur by videoconference between Chicago and Springfield on January 10, 2019. The Board presently anticipates adoption of amendments to the Illinois ambient air quality standards on February 7, 2019.

Section 10(H) of the Environmental Protection Act (Act) [415 ILCS 5/10(H)] requires the Board to do as follows:

[T]he Board shall adopt ambient air quality standards specifying the maximum permissible short-term and long-term concentrations of various contaminants in the atmosphere, those standards shall be identical in substance to the national ambient air quality standards promulgated by the Administrator of the United States Environmental Protection Agency in accordance with Section 109 of the Clean Air Act [(42 U.S.C. § 7409 (2015))].

The USEPA NAAQS are codified at 40 C.F.R. § 50. The Board is required to adopt those exemptions using the “identical in substance” rulemaking procedure of Section 7.2 of the Act [415 ILCS 5/7.2]. The Illinois listing of these compounds is codified at 35 Ill. Adm. Code 243.

On November 1, 2018, the Board adopted a proposal for public comment in docket R19-6 to initiate adoption of the latest USEPA amendments to and actions affecting the federal NAAQS during the first half of 2018.

- On February 13, 2018 (83 Fed. Reg. 6174), USEPA designated one new federal reference method (FRM) for nitrogen dioxide (NO₂) in ambient air.
- On March 28, 2018 (83 Fed. Reg. 13198), USEPA redesignated the Chicago and Granite City areas as attainment for the 2008 NAAQS for lead. USEPA further approved the Illinois State Implementation Plan (SIP) revisions for emissions inventories and regulatory emissions limits and controls in the areas. The effect will be revoking the 1978 NAAQS for lead for the areas effective March 28, 2019.

NOTICE OF PUBLIC INFORMATION ON PROPOSED AMENDMENTS

- On June 1, 2018 (83 Fed. Reg. 25451), USEPA designated another new federal reference method (FRM) for nitrogen dioxide (NO₂) in ambient air.
- On June 15, 2018, USEPA updated the *List of Designated Reference and Equivalent Methods*. This update included the FRMs that USEPA designated on February 13, 2018 and June 1, 2018.

A Notice of Proposed Amendment appears in the November 26, 2018 *Illinois Register* relative to the docket R19-6 proposal.

The Board expects that the Illinois Environmental Protection Agency (Agency) will submit the present amendments to USEPA to be included in or to revise the Illinois SIP pertaining to one or more ambient air quality priority pollutants (carbon monoxide, lead nitrogen oxides, ozone, particulate matter, and sulfur dioxide) pursuant to section 110 of the federal Clean Air Act (42 U.S.C. § 7410(a) (2015)) and the implementing USEPA regulations. See 40 C.F.R. § 51.102 and appendix V (2016).

As USEPA will require the State to have conducted a hearing on the amendments to the Illinois NAAQS rules involved in this proceeding pursuant to 42 U.S.C. § 4210(a) and 40 C.F.R. § 51.102, the Board has scheduled a public hearing in this matter to occur by videoconference between two locations, as follows:

11:30 a.m., January 10, 2019

James R. Thompson Center
Illinois Pollution Control Board Hearing Room
100 West Randolph Street, Room 11-512
Chicago

and

Sangamo Building
Illinois Pollution Control Board Hearing Room
1021 North Grand Avenue
Springfield

The Board invites public comment on the proposed amendments. The Board will receive public comments until at least 45 days after a notice of these proposed amendments appears in the *Illinois Register*. Anyone may file a public comment with the Board addressed as follows:

All comments relating to this rulemaking should clearly refer to docket number R19-6.

The record in this docket will include all documents pertaining to this proceeding. All documents in the record are publicly available for inspection and copying as provided in 2 Ill. Adm. Code 2175 (2016) by contacting the Office of the Clerk. The documents are also freely available online at the Board's webpage: www.ipcb.state.il.us.

The record will not include a copy of the following documents, which are all otherwise publicly available:

- The February 13, 2018, March 28, 2018, and June 1, 2018 *Federal Register* notices that prompted this action (referenced in the Board's November 1, 2018 opinion and order proposing amendments);
- The June 15, 2018 update to the List of Designated Methods that prompted this action (referenced in the Board's November 1, 2018 opinion and order proposing amendments);
- Federal statutes and regulations referenced in the Board's November 1, 2018 opinion and order; and
- Illinois statutes and regulations referenced in the Board's November 1, 2018 opinion and order.

The Board requests that interested persons direct questions to the following person:

After the hearing and conclusion of the public comment period, the Board will promptly issue an opinion and order adopting final rule amendments. The Board presently anticipates voting to adopt the amendments on February 7, 2018. The Board will then file the amendments with the Office of the Secretary of State, and a Notice of Adopted Amendments will appear in the *Illinois Register*. Any Agency submission of the associated SIP revision to USEPA will follow that Notice.
