ORDER OF THE BOARD (C.M. Santos):

On April 2, 2019, the Illinois Environmental Protection Agency (IEPA) filed a recommendation that the Board certify certain facilities of Gary and Sandra Blanchard (Blanchards) as “pollution control facilities” for preferential tax treatment under the Property Tax Code. *See* 35 ILCS 200/11-5 *et seq.* (2016); 35 Ill. Adm. Code 125. The Blanchards’ swine production facility is located at 17303 224th Street West in Illinois City, Rock Island County. In this order, the Board describes the legal framework for tax certifications, discusses IEPA’s recommendation, and certifies that the Blanchards’ identified livestock waste management facilities are pollution control facilities.

LEGAL FRAMEWORK

Under the Property Tax Code, “[i]t is the policy of this State that pollution control facilities should be valued, at 33 1/3% of the fair cash value of their economic productivity to their owners.” 35 ILCS 200/11-5 (2016); *see also* 35 Ill. Adm. Code 125.200(a)(2). “For tax purposes, pollution control facilities shall be certified as such by the Pollution Control Board and shall be assessed by the Department [of Revenue].” 35 ILCS 200/11-20 (2016); *see also* 35 Ill. Adm. Code 125.200(a). Under the statute, the Board determines if the facilities are pollution control facilities; however, the Board is not authorized to assess a value of those facilities.

Under Section 125.202 of the Board’s procedural rules, a person may submit an application for tax certification to IEPA. *See* 35 Ill. Adm. Code 125.202. If IEPA receives a tax certification application, IEPA must file with the Board a recommendation on the application, unless the applicant withdraws the application. *See* 35 Ill. Adm. Code 125.204(a). Among other things, IEPA’s filing must recommend that the Board issue or deny tax certification. *See* 35 Ill. Adm. Code 125.204(a)(4). If the Board finds “that the claimed facility or relevant portion thereof is a pollution control facility . . . , the Pollution Control Board . . . shall enter a finding and issue a certificate to that effect.” 35 ILCS 200/11-25 (2016); *see also* 35 Ill. Adm. Code 125.216(a).

IEPA RECOMMENDATION

IEPA states that it received a tax certification application from the Blanchards on November 19, 2018.¹ Rec. at 1. On April 2, 2019, IEPA filed a recommendation with the Board, attaching the Blanchards' application (Rec. Exh. A). IEPA's recommendation identifies the facilities at issue:

[l]ivestock waste management facilities consisting of one concrete manure pit (approximately 51 ft. x 391 ft. x 8 ft. deep), the concrete slatted portion of the floor over the manure pit that captures and contains waste generated in the barn above, ten concrete pump out pits (each approximately 5 ft. x 6 ft. x 8 ft.) to allow manure removal from the manure pit, and a perimeter PVC drain pipe (approximately 885 ft. x 4 in.), around the footing of the manure pit to prevent flotation of the pit, which includes one inspection riser port. *Id.* at 1.

IEPA further describes the facilities: "used to collect, transport, and/or store livestock waste prior to cropland application." *Id.* at 2.

IEPA recommends that the Board certify that the livestock waste management facilities are pollution control facilities as defined in Section 11-10 of the Property Tax Code (35 ILCS 200/11-10 (2016)) with the "primary purpose of eliminating, preventing, or reducing water pollution." Rec. at 2; *see also* Rec. Exh. A at 1 (IEPA memorandum), 2 (IEPA review notes).

TAX CERTIFICATE

Based upon the IEPA's recommendation, the Blanchards' application, and the Board's technical review, the Board finds and certifies that the Blanchards' livestock waste management facilities identified in this order are pollution control facilities under the Property Tax Code (35 ILCS 200/11-10 (2016)). The Board makes no finding regarding the assessed value of those facilities. Under Section 11-25 of the Property Tax Code, the effective date of this certificate is "the date of application for the certificate or the date of the construction of the facility, which ever is later." 35 ILCS 200/11-25 (2016); *see also* 35 Ill. Adm. Code 125.216(a). Section 125.216(d) of the Board's procedural rules states that the Clerk "will provide the applicant and the Agency with a copy of the Board's order setting forth *the Board's findings and certificate, if any.*" 35 Ill. Adm. Code 125.216(d) (quoting in italics 35 ILCS 200/11-30 (2016)). The Clerk therefore will provide the Blanchards and IEPA with a copy of this order.

IT IS SO ORDERED.

Section 11-60 of the Property Tax Code provides that any applicant or holder aggrieved by the issuance, refusal to issue, denial, revocation, modification or restriction of a pollution control certificate or a low sulfur dioxide emission coal fueled device certificate may appeal the Board's finding and order to the Circuit Court under the Administrative Review Law (735 ILCS 5/3-101 *et seq.* (2016)). *See* 35 ILCS 200/11-60 (2016). Filing a motion asking that the Board reconsider this final order is not a prerequisite to appealing the order. 35 Ill. Adm. Code 101.902.

¹ IEPA's recommendation is cited as "Rec. at _."
