**Subject:** [External] AS19-002 Emerald Petition for ammonia adjusted standard - Request to extend time for public comment until February 14, 2020  
**Date:** Thursday, January 9, 2020 11:52:46 AM

---

Dear Ms. Webb:

On behalf of the Illinois Chapter of the Sierra Club, I hereby request that the period for public comment on the proposed adjusted standard be extended until February 14, 2020. In view of the fact that the transcript of the hearing will not be available until late January, the importance of the Illinois River, and the complexity of the claims and science involved, allowing the public until at least February 14 to comment is fully justified. Further, I have personal plans and professional commitments that will make it difficult for me to attend to this matter.

Thank you for your consideration of this request.
