ORDER OF THE BOARD (by A. Palivos):

On November 2, 2005, Midwest Generation, LLC, Fisk Generating Station (MG) petitioned the Board for review of certain conditions in a Clean Air Act Program Permit (CAAPP). The Illinois Environmental Protection Agency issued the permit to MG's coal-fired electric generating station, called the Fisk Generating Station, located at 1111 West Cermak Road in Chicago, Cook County. On December 29, 2020, MG filed a motion to voluntarily dismiss its appeal. The Board grants MG's motion for voluntary dismissal, consistent with the motion, dismisses the appeal, and closes the docket.

IT IS SO ORDERED.

I, Don A. Brown, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on January 7, 2021, by a vote of 4-0.

Don A. Brown, Clerk
Illinois Pollution Control Board
